

Farrier Supplies & Blacksmith Supplies

Centaur Forge 2013 Winter Catalog

Dear Farrier and Blacksmith Friends;

Thank you for your interest in the Centaur Forge catalog. If you have already shopped with us, we thank you. If you have not shopped with us before, we hope that you will give us the opportunity to serve you. We are committed to:

- excellent service...you order it, we ship exactly what you ordered that day
- a broad array of farrier and blacksmith products competitively priced
- the lowest shipping costs in the USA (See shipping terms below)
- knowledgeable staff willing to help you in any way possible

Our teams in Wisconsin and Texas strive every day to meet these commitments. If you have questions or need help or would rather talk to a real person, you can reach us during our business hours at 1-800-666-9175 for our WI store or

1-888-229-8877 for our TX store. You can also stop in at either of our two locations in Burlington, WI or New Braunfels, TX. The Wisconsin store is open Monday through Friday from 7:30am to 6:00pm. The Texas store is open Monday through Friday from 7:30am to 5:00pm.

If your schedule does not allow you to call or visit us during our business hours, you can visit our web site 24 hours a day at www.centaurforge.com, you can email your enquiries to info@centaurforge.com. Find us on Facebook or follow us on Twitter.

Best wishes from: Bekki Baas, Sheri Talaga, Vicki Klawitter, Roger Rodriguez and Amanda Johnson at our Wisconsin store and Mike Seaton and Bill Cuddy at our Texas store

COAL & COKE do not qualify for Flat Rate or Free Shipping.

International orders are shipped through the US Post Office or Freight Forwarder. The shipping charges for international orders will be calculated and charged separately.

If you need faster service, we do offer UPS Next Day Air, Second Day Air, 3 Day Select or Express Mail. These do not qualify for Flat Rate or Free Shipping.

Please view our Terms & Conditions for complete details.

ANVIL BRAND

SLIDING PLATES

Anvil Brand Sliding Plates come with finished heels and are punched for 5 Special nails. Made in the USA, these reining horseshoes are 1/4" x 1".

Item Code	Size/Description	Pair	20+ Pair
ABSL11P	11" (= size 00 to 0)	\$5.80	\$5.25
ABSL12P	12" (= size 0 to 1)	\$5.95	\$5.35
ABSL13P	13" (= size 2)	\$6.10	\$5.50
ABSL14P	14" (= size 3)	\$6.20	\$5.60

DIAMOND

CLASSIC PLAIN

The Diamond Classic shoes feature a wide web for increased bearing surface, full 1/8" wide crease for deep seating of nail heads, precision spaced nail holes and longer creases for improved traction. The nail hole pattern allows more accurate nail placement.

Item Code	Pr/Box	Size/Description	Pair	Box
DC000	20	3X0 (6.7 oz. each)	\$3.55	\$2.85
DC00	20	00 (7.7 oz. each)	\$3.80	\$3.05
DC0	20	0 (8.7 oz. each)	\$4.10	\$3.25
DC1	20	1 (10.0 oz. each)	\$4.60	\$3.65
DC2	10	2 (11.1 oz. each)	\$4.75	\$3.80

PLAIN BRONCO

Diamond Bronco shoes are designed to fit both the front and hind feet. Correctly tapered nail holes are precision punched and spaced.

Item Code	Pr/Box	Size/Description	Pair	Box
000PL	20	3X0 (7.1 oz. each)	\$3.65	\$3.00
00PL	20	00 (8.7 oz. each)	\$4.20	\$3.45
0PL	20	0 (9.5 oz. each)	\$4.25	\$3.45
1PL	10	1 (11.1 oz. each)	\$4.75	\$3.90
2PL	10	2 (13.3 oz. each)	\$4.95	\$4.05

TOE WEIGHTS

Diamond Toe Weights are designed for Tennessee walking horses or other breeds requiring extra weight. These shoes are forged with countersunk nail holes and weight at the toe. Sizes 1 & 2 have three nail holes on each side, size 3 has 4.

Item Code	Size/Description	Pair	10+ Pair
1TOEW	1 (15.0 oz. each)	\$15.90	\$13.10
2TOEW	2 (18.0 oz. each)	\$15.45	\$12.70
3TOEW	3 (20.3 oz. each)	\$15.60	\$12.80

PONY SHOES

Diamond Pony shoes are forged from special steel (like regular Diamond shoes) to give long wear. Six properly spaced nail holes fit the average pony hoof.

Item Code	Size/Description	Pair	40+ Pair
0PONY	0 (5.0 oz. each)	\$3.55	\$2.95
1PONY	1 (5.4 oz. each)	\$3.85	\$3.15

SPECIALS

Diamond Special shoes have a rounder shape than the Diamond Classic shoes to give a "fuller fit". The Special shoes feature cleaner nail holes and smoother bearing surfaces for easier shoeing, precision hole pattern for accurate nail placement and can easily be worked cold to fit either front or hind feet.

Item Code	Pr/Box	Size/Description	Pair	Box
DS000	20	3X0 (7.4 oz. each)	\$3.80	\$3.05
DS00	20	00 (8.3 oz. each)	\$4.25	\$3.40
DS0	20	0 (9.1 oz. each)	\$4.50	\$3.60
DS1	10	1 (10.5 oz. each)	\$4.75	\$3.80
DS2	10	2 (12.5 oz. each)	\$5.00	\$4.00
DS4	10	4 (18.2 oz. each)	\$7.05	\$5.65
DS5	10	5 (22.2 oz. each)	\$9.85	\$7.85

E.D.S.S.

VULCAN ROLLER MOTION

The Vulcan Roller Motion "RM" shoes have a conventional concave design that incorporates many necessary modern day features. The Vulcan RM shoes come in front and hind patterns that help eliminate some issues caused by the "one-style-fits-all" shape of many keg shoes. The shape of the Vulcan allow farriers to achieve a better fit more quickly because the shoe is designed to fit around the coffin bone with few alterations, meaning the widest part of the shoe aligns with the widest part of the foot quite well right out of the box. The Vulcan RM shoes feature concave section with deep fullering, a higher inner rim for easier medial/lateral movements, versatile nail hole pattern, convex radius inner rim for optimal traction and reduces weight, seated-out past the toe-quarters to eliminate the chance of sole pressure, pre-boxed heels and optional quarter clips.

BK393 101 Things You Can Build From Horseshoes

by Dohrman

This book is typewritten and copied with original "country craft" drawings. It is not fancy, but full of easy instructions with lots of great ideas. Some of the projects in this fun book include plant stands, gun rack, coat hanger, Christmas tree stand, camp stool and much more.

Spiral Bound Paperback, 33 pages, 150 line drawings.

\$16.50

Steel Horseshoes

E.D.S.S.

CENTRE FIT

Centre Fit Horseshoes are specially designed to fit the foot in a balanced fashion around the widest part of the foot, which is essentially the center of rotation of the coffin joint. In addition to balancing the around the coffin bone, the Centre Fit shoe incorporates many leverage reduction design features that will help to eliminate many of the tendon, ligament and soft tissue strains in and around the coffin joint. Centre Fit Horseshoes feature hoof/shoe centering markers, well seated for sole relief, versatile nail hole pattern, modified rim shoe design and ready boxed edges.

BK2030 Book of Shoes by Roy Bloom

Roy Bloom has produced a new version of the popular *Book of Shoes*. This *Book of Shoes* includes 150 shoe diagrams and forging specifications. This new version is printed on a heavy, coated paper guaranteed to hold up well in the field.

Bound in a 2-ring binder.

\$85.40

KERCKHAERT

STEEL TRIUMPH

Steel Triumph shoes have slightly thicker steel for better wear and durability. The broad toe of the front pattern allows for excellent fit and breakover, but still maintains the necessary "purchase" to allow the horse to move forward with confidence. The hind pattern has the excellent features of the Kerckhaert shape that makes fitting much easier. Beveled inside and out with good heel support, this series is a dream shoe for the athlete. These shoes are symmetrical. Punched for 5 City or 5 Slim nails.

Horses with small feet need more regular shoeing. Horses with small feet often benefit from egg bar shoes.

SX-7 with Clips

The front pattern is quarter clipped and the hinds come with side clips. Because light shoes are often the most difficult to clip, you will find these are an excellent option. Strong clips on a well made shoe. Toe area is slightly wider to provide strength and wear. These shoes are symmetrical.

Punched for 4-1/2 Regular, 5 Race or 5 Slim nails depending on size.

Front with Quarter Clips

Item Code	Size/Description	Pair	15+ Pair
K12560	3X0, 18 x 7 mm	\$5.90	\$5.35
K20720	00, 18 x 7 mm	\$5.90	\$5.35

K20707	0, 18 x 7 mm	\$5.90	\$5.35
K20709	1, 18 x 7 mm	\$5.90	\$5.35

SX-8 with Clips

The SX-8 have a strong clip from top to bottom. Quarter clips on the front shoes and side clips on the hind. Because the clip is not drawn from the web of the shoe, the integrity of the nail holes and shoe strength is protected. Toe area is slightly wider to provide strength and wear. These shoes are symmetrical. Punched for 5 City or 5 Slim nails.

K18919	3, 24 x 8 mm	\$7.85	\$7.05

STANDARD

Quality in a one shape pattern (no front or hind). The placement of the nails in a V-shaped crease allows you to nail with confidence, knowing the integrity of the hoof will not be compromised. Fuller toe, inside bevel and slight taper to heel area. Punched for 5 City or 5 Slim nails

Item Code	Size/Description	Pair	15+ Pair
K20593	00, 18 x 8 mm	\$4.10	\$3.70
K20594	0, 19 x 8 mm	\$4.30	\$3.90
K20595	1, 19 x 8 mm	\$4.30	\$3.90
K20596	2, 20 x 8 mm	\$4.70	\$4.30

"PRIDE" SLIDING PLATES

The Pride sliding plates bring a new level of quality to the reining and rope horse market. These shoes have a slight taper to 7/8". The excellent heel finish has been noted by the market. These shoes are symmetrical. Punched for 4-1/2 Race, 4-1/2 Race XS, 4-1/2 Slim or 5 Special nails.

Item Code	Size/Description	Pair	15+ Pair
K11700	11" x 1/4" x 1"	\$6.95	\$6.30
K11702	12" x 1/4" x 1"	\$6.95	\$6.30

K11744	13" x 1/4" x 1-1/4"	\$9.80	\$8.80

DRAFT SHOES 3/8" x 1-1/8"

It is a tradition to clip front and hind shoes for the workhorse to prevent the shoes from being driven back during work in the fields or on the streets. Kerckhaert provides a strong clip to make sure the job is done well. These shoes come in a left and right pattern. Punched for 7 or 8 Regular head nails.

Front with Toe Clip

Item Code	Size/Description	Pair	10+ Pair
K19060	5, 28 x 10 mm	\$12.60	\$11.40
K19070	6, 28 x 10 mm	\$12.60	\$11.40

K21767	8, 32 x 12 mm	\$15.40	\$13.95

STANDARD LITE

Same quality as the well-known Standard Series shoe but in a lighter version. This shoe features a one shape pattern, V-shape crease, fuller toe, inside bevel and slight taper to the heel area. This is an attractive, economical series for those horses that require a lighter shoe. These shoes are symmetrical. Punched for 4-1/5 Regular, 5 Race, 5 City or 5 Slim nails depending on the size.

Item Code	Size/Description	Pair	15+ Pair
K11560	3X0, 18 x 7 mm	\$3.90	\$3.50
K11492	00, 18 x 7 mm	\$3.90	\$3.50
K11494	0, 18 x 7 mm	\$3.90	\$3.50
K11496	1, 18 x 7 mm	\$3.90	\$3.50

STANDARD LITE RIM

A one shape pattern the same weight as the popular SX-7 series, this is an ideal shoe for the Quarter Horse in various disciplines, including roping, barrels and other timed events. These shoes are easily fit to front or hind and the punching helps maintain the integrity of the hoof. Fuller toe, inside bevel and slight taper to heel area. Punched for 4-1/2 Regular, 5 Race or 5 Slim nails.

Item Code	Size/Description	Pair	15+ Pair
K11630	3X0	\$3.90	\$3.55
K11632	00	\$3.90	\$3.55
K11634	0	\$3.90	\$3.55
K11636	1	\$3.90	\$3.55

KERCKHAERT

CLASSIC ROLLER

This half round style actually boasts more ground surface than a true half round but you get the full benefit of ease of break-over that half round shoes are noted for. The full shape of the front pattern allows for easy fitting. The width of the sections give a great base of support. These shoes are symmetrical. Punched for E-head nails.

Front with Quarter Clips

Item Code	Size/Description	Pair	15+ Pair
ROLLER00F	00, 20 x 8 mm	\$8.30	\$7.50
ROLLER0F	0, 22 x 8 mm	\$8.30	\$7.50
ROLLER1F	1, 22 x 8 mm	\$8.65	\$7.75
ROLLER2F	2, 22 x 8 mm	\$8.65	\$7.75
ROLLER3F	3, 22 x 8 mm	\$8.65	\$7.75
ROLLER4F	4, 24 x 8 mm	\$9.55	\$8.60

PONY SHOES

Standard Pony Shoes have a very nice shape for ponies and even fit minatures. These shoes are symmetrical. Punched for 3-1/2 Race or 4-1/2 Race nails.

Item Code	Size/Description	Pair	15+ Pair
K8XOPONY	8X0	\$4.15	\$3.75
K6XOPONY	6X0	\$4.15	\$3.75
K4XOPONY	4X0	\$4.15	\$3.75

SSP

The SSP is the original steel unclipped style and the most popular on the hunter jumper circuit. A broad choice of sizes, made in front and hind as well as left and right patterns, makes this an extremely versatile series. Punched for E-head nails.

Front Unclipped

NATURAL BALANCE

NATURAL BALANCE

The design for the Natural Balance horseshoe is based on field research regarding the natural wear patterns of unshod wild horses. The Natural Balance shoe rolled toe design and sole relief provide the proper biomechanics for a more natural, stressless foundation to improve performance and comfort. These shoes are made of forged steel.

Front Unclipped

107414	4 Front	\$8.65	\$8.25
107415	5 Front	\$8.95	\$8.50

NATURAL BALANCE LITE SPORT

The Steel Natural Balance Lite Sport Shoes are a lite-rim, rolled toe shoe that offers good support to the hoof. The toe area on the side is seated out to eliminate sole contact beneath the tip of coffin bone. The toe portion also has greater mass which means more material for wear. The convex inner-rim helps to improve traction and reduces weight. The roll at the toe continues around the toe quarters, back to the widest part of the shoe and allows the horse easy access to his individual position for breakover. There are 5 nails holes on both sides so you have some options when nailing on poor quality feet.

BK2020 *Gregory's Textbook of Farriery*

By Chris Gregory, CJF, FWCF

Gregory's Textbook of Farriery is an incomparable step-by-step handbook on the farrier's craft and a valuable resource if you are involved in any way with the noble horse.

Gregory's Textbook of Farriery is the knowledge put to paper of one of the farrier industry's most durable educators. This textbook was written as a teaching tool and is ideal for any course on farriery, equine husbandry, veterinary school or one-on-one apprenticeship.

Created by a skilled farrier instructor, this book is like having Chris right next to you.

Whether you are a veteran of the farrier professional or a novice, you will find yourself referring to this book over and over.

Hardcover, 696 pages, packed with color photos & illustrations.

\$140.00

Do not use your Hoof Nippers for cutting nails. Use Nail Nippers for cutting nails, and Hoof Nippers for cutting hooves. It will help to keep your Hoof Nippers from getting dull and damaged.

Steel Horseshoes

ST. CROIX

PLAIN

The St. Croix Plain shoe is America's basic flat creased horseshoe. This versatile shoe is designed for steady performance wherever you shoe. Punched for 5 City nails.

Item Code	Size/Description	Pair	20+ Pair
SC000	000 (7.9 oz. each)	\$4.65	\$3.85
SC00	00 (9.8 oz. each)	\$4.65	\$3.85
SC0	0 (10.7 oz. each)	\$4.65	\$3.85
SC1	1 (12.1 oz. each)	\$4.90	\$4.05
SC2	2 (13.8 oz. each)	\$5.20	\$4.30
SC3	3 (14.5 oz. each)	\$5.55	\$4.55

TOE & HEELED

When the road is less traveled, keep your footing solid with this maximum-traction shoe with rounded toe grab. Punched for 5 City nails.

Item Code	Size/Description	Pair	10+ Pair
SCHT000	000 (8.9 oz. each)	\$5.25	\$4.30
SCHT00	00 (10.4 oz. each)	\$5.25	\$4.30
SCHT0	0 (11.8 oz. each)	\$5.25	\$4.30

SCHT2	2 (14.5 oz. each)	\$5.85	\$4.85
SCHT3	3 (16.0 oz. each)	\$6.25	\$5.15

HEELED

These Heeled shoes offer a clean angled heel calk to help horses maintain their control and steady traction on rough ground. If you are headed for the high country trails, check out these special shoes. Punched for 5 City nails.

Item Code	Pr/Box	Size/Description	Pair	Box + Pair
SCH00	20	00 (10.1 oz. each)	\$5.10	\$4.20
SCH0	20	0 (11.6 oz. each)	\$5.10	\$4.20
SCH1	10	1 (12.9 oz. each)	\$5.50	\$4.50
SCH2	10	2 (13.8 oz. each)	\$5.90	\$4.85
SCH3	10	3 (15.4 oz. each)	\$6.35	\$5.25

RIM

Another great shoe that features a full-crease with excellent outside-rim traction with relief from grab! Unique rolled toe eases breakover too. Punched for 5 City nails.

Item Code	Pr/Box	Size/Description	Pair	20+ Pair
SCR00	20	00 (9.5 oz. each)	\$4.80	\$3.95
SCR0	20	0 (11.0 oz. each)	\$4.80	\$3.95
SCR1	20	1 (12.3 oz. each)	\$5.10	\$4.20
SCR2	20	2 (13.3 oz. each)	\$5.35	\$4.40
SCR3	10	3 (14.5 oz. each)	\$5.70	\$4.70

ULTRA-LITE RIM

The Ultra-Lite Rim give you superior traction with less weight! Thin as a training plate, but forged for strength. These shoes have a full crease and the rolled toe eases breakover. Punched for 5 City nails.

Item Code	Size/Description	Pair	20+ Pair
SCULRIM000	000 (5.5 oz. each)	\$5.90	\$4.90
SCULRIM00	00 (6.0 oz. each)	\$5.90	\$4.90
SCULRIM0	0 (7.0 oz. each)	\$5.90	\$4.90
SCULRIM1	1 (7.5 oz. each)	\$6.10	\$5.00
SCULRIM2	2 (8.5 oz. each)	\$6.25	\$5.20

LITE PLAIN

This lighter version of the St. Croix Plain shoe is for those horses that require a lighter shoe. Nail pattern allows room for side clips to be drawn. New crease for better nail seating. Punched for 5 City nails.

Item Code	Size/Description	Pair	20+ Pair
SC000LITE	000 (7.1 oz. each)	\$4.30	\$3.55
SC00LITE	00 (8.4 oz. each)	\$4.30	\$3.55
SC0LITE	0 (9.5 oz. each)	\$4.30	\$3.55
SC1LITE	1 (10.7 oz. each)	\$4.55	\$3.75

BK3022 Anvils... Through the Ages

By Don Plummer

This is a photographic study of the collection of Tim Kris' of Brass-town, NC. Pieces in this collection date back to the Roman and medieval times and include representation of more recent European and American periods. They are representative of the full spectrum of tools used by blacksmiths, sawyers, jewelers, farriers and many other metalworking crafters that requires the use of a sturdy devise to help shape their wares.

Hardcover, 312 pages, 325 photographs

Aluminum Horseshoes

E.D.S.S.

The Aluminum Natural Balance® Shoe is a wide-web, rolled toe shoe which offers maximum support to the hoof. The toe area on the foot side is seated out to eliminate sole contact beneath the tip of the coffin bone. The toe portion of the shoe is reinforced and offers greater mass which means more material for wear. There is no wear plate in the shoe, therefore the toe can wear back as the foot grows in length. This allows the foot to stay in "Natural Balance" through the shoeing period. This feature sets the aluminum NB shoes aside from most steel shoes. The arched roll at the toe allows the horse easy access to his individual position for breakover. The steep shoulders of the shoe between the heels help to hold ground material in this region to provide caudal support to the frog and digital cushion.

STANDARD NATURAL BALANCE

The Aluminum NB shoe is made of a forged aluminum alloy that is heat treated for added hardness. This combination offers a light, yet durable shoe for optimal performance.

Front Unclipped

K.B.

NAVICULAR EGG BARS

The principle design function of the KB Navicular shoe is to relieve stress in the critical navicular/coffin joint area or other similar symptoms. Like all of the KB Aluminum Egg Bar shoes, the KB Navicular are easily applied. Shaping can be accomplished either hot or cold. Modifications such as slips, drilling and tapping and welded-on accessories are simple with KB Navicular shoes.

Aluminum Horseshoes

KERCKHAERT

TRIUMPH

The Triumph is a drop forged aluminum shoe that has an optimum front shape. These shoes are commonly used by the Western Pleasure market as well as the Hunter and Thoroughbred shoer. Well-placed nail holes allow for good nailing and choices when the wall is less than perfect. The sole relief is built in, saving you time. The material is a high grade aluminum that provides good wear and strength. Shoes are symmetrical. Punched for 4-1/2 Regular, 5 Race or 5 Slim nails.

Front Unclipped

ST. CROIX

EVENTER

The design of the Eventer aluminium horseshoe is the same as that of the standard steel Eventer horseshoe, except that it is cast in aluminium. The use of aluminium has made it possible to reduce the weight, compared to the steel Eventer horseshoe, by around 70%. Both front and hind shapes are symmetrical. Punched for 5 City nails.

BK649 A Handbook of Horseshoeing

By Dollar & Wheatley

This classic horseshoeing book was originally published in 1898 in Edinburgh, Scotland for the horseshoer and veterinarians.

A Handbook of Horseshoeing is divided into 3 sections. The first section, *Structure of the Foot* covers the bones, ligaments, locomotion, tissues, blood vessels, structure and function of the foot. The second section, *Horses Foot in Relation to Shoeing* covers shoeing of healthy feet including materials used, variety of shoes used and forging shoes, confirmation, using pads and treatment of unshod hooves. The final section, *Shoeing of the Diseased Feet and of Lamé Horses* covers inflammation, deformities & diseases of the hoof and solutions and corrective horseshoeing. This book also has information on special shoeing for hacks, hunters, race horses, trotters, carriage/cart/omnibus horses and an appendix on shoeing of oxen.

Hardcover, 552 pages, 403 illustrations.

\$32.95

THORO'BRED

LITE CHAMPION

This is the original style of our Hunter-Jumper shoes. These shoes are made in half sizes, longer in the heels to fit more horses properly. All have side clips and steel wear blank in the toe area, and sole relief.

DVD114 Rooney's Guide to Lameness,

Part 1, Front Leg

By Dr. James Rooney

The Front Leg covers common injuries to the shoulder, knee, cannon bone, fetlock, pastern and hoof. Fractures, muscle strains, tendon and ligament damage are all described in a way that is easy to understand.

98 minutes, DVD format.

\$32.95

DVD115 Rooney's Guide to Lameness,

Part 2, Hind Leg

By Dr. James Rooney

The Hind Leg covers injuries to the hip, stifle, hock and back are all covered in detail. Dr. Rooney explains why many diagnoses of hind end lameness are incorrect and why rest, drugs and surgery might not always be the best cure.

90 minutes, DVD format.

\$32.95

BK3025 A Pattern Book of Tools & Household Goods

This is a beautifully crafted reproduction of a pattern book probably issued by W. & C. Wynn of Birmingham in about 1820. It contains 83 plates of tools, including 9 fold out plates, at full size. The plates depict hundreds of tools, household goods including tools for the kitchen, corkscrews, garden tools, watch and clock tools, coopers tools, shoe-makers tools, gun tools and personal accessories like key rings and fingernail clippers.

The illustrated introduction is by Jane Rees. This publication is the first of its kind that has been reprinted at full size and is a unique resource for those interested in old tools and household goods.

Soft cover, 90 pages, hundreds of superbly reproduced black & white drawings of tools.

\$50.00

Synthetic Horseshoes

EASY WALKER

The unique composite construction of the EasyWalker provides shock absorption that cannot be matched by any pad applied to a conventional shoe. The special polymer compound, which closely resembles a healthy natural hoof wall, is extremely durable.

BK3015 Nailmaking

By Hugh Bodey

Today, nails are such an ordinary and widespread object that it may come as a surprise to learn that the range of shapes and sizes available now is but a fraction of those made in the nineteenth century. This illustrated account charts the history of nailmaking, from the Romans, through the middle ages, to the industry of the nineteenth century and the factories of the twentieth, relating the fluctuating demand for nails and nailers to the social and political context of the time. This book also explains the types of nails made and the development of nailmaking methods over the years.

Soft Bound, 32 pages.

\$11.95

CAPEWELL

RACE

For race horses. Good for thin-walled horses.

BK3024 The Mid-Victorian Elwell Catalogue of Forged Tools

By Roy Arnold

A facsimile of a Victorian (1870) catalogue of this most important manufacturer of every imaginable forged tool or object: bill hooks, axes, adzes, chisels, anchors, eel spears, locomotive firing shovels, horseshoes and many more. The names of some of the tools indicate the world-wide custom the firm had: Russian miners hammers, Spanish bowl adzes, Australian half-bright chipping hoe, New Zealand sinking pick, Bechuana grubbing hoes and Peruvian hedge bill.

A rare glimpse into the past, this is the ultimate book for any historian, antique collector or anyone who enjoys old tools.

Paperback, 98 pages, black & white illustrations.

\$30.00

BK994 Working Drawings of Horse-Drawn Vehicles

By The Carriage Museum of America

Almost 120 working drawings of 23 categories of horse-drawn vehicles, taken from the two major trade journals of the 19th century. The Hub and The Carriage Journal. Included are drawings for broughams, buggies, commercial vehicles, landaus, phaetons, surreys, two-wheelers, wagons and many more. The drawings are arranged in a loose leaf binder, so they can be easily laid flat or taken out and handled at the drafting board.

The drawings come with a full description plus dimensions for springs, wheels, axles and body. A treasure trove for those interested in building, restoring or researching early vehicles.

Hard Cover Binder, 266 pages, black & white illustrations.

HOOFPRINTS

Hunters, jumpers, thoroughbreds, trotters, pacers and polo ponies have all benefited from this shock absorbing material. Manufactured from a special blend of polymers, these pads not only absorb shock, but also stand up well and are able to be reset. These pads have also been used effectively for foal extensions, flat soles, pedel osteitis, and hospital plates.

HOSPITAL/THERAPEUTIC PADS

CASTLE HOSPITAL

Castle Plastics has created a Hospital Pad, that will speed the recovery of a hoof injury. You will now be able to care for the injury while protecting it, allowing the animal to be turned out and even ridden during the recovery period. The Hospital Pad is designed specifically for injury and rehabilitation. The pad has a removable plate for easy access to affected areas for quick cleaning and treatment. All you do is unscrew the removable plate to soak, clean, medicate, and care for the injury. Then just screw the plate back on, and the injury will be protected, speeding up the recovery process.

Item Code	Size/Description	Pair	10+ Pair
HPADS	Small Hospital Kit 5-1/2 x 6-3/4 x 1/8"	\$7.75	\$7.40
HPADL	Large Hospital Kit 6 x 7-1/2 x 1/8"	\$8.10	\$7.75

CASTLE PERFORMANCE

Performance Pads are designed for the ultimate in sole protection. These pads have also been used effectively for foal extensions, flat soles, pedal osteitis and hospital plates.

Item Code	Size/Description	Pair	10+ Pair
46517	Small, White 5-3/4 x 6-3/8 x 1/8"	\$6.45	\$6.15
46518	Large, White 6-5/8 x 7-1/4 x 1/8"	\$7.90	\$7.55

46519	2° Wedge, Black 6" x 6-1/2" x 5/16", Size 00-4	\$4.85	\$4.60

MUSTAD

The Mustad No-Snow Pad has a unique air cushion that compresses, then expands to push snow out of the hoof preventing dangerous snowball build-up and improving winter traction. Also a great choice to prevent mud accumulation. No-Snow Pads are durable enough to handle tough winter conditions, can be easily applied during shoeing and can usually be used in multiple resets.

Item Code	Size/Description	Pair	10+ Pair
07501	Front, Clear Blue 6-1/2 x 5-7/8 x 1/8"	\$9.75	\$8.95
07502	Hind, Clear Blue 6-1/2 x 5-7/8 x 1/8"	\$9.75	\$8.95

BK3010 Handbook for Ironmongers: A Glossary of Ferrous Metallurgy Terms

Edited By H.G. Brack & Linda Dartt

This book defines hundreds of items of interest to blacksmiths, historians and anyone seeking knowledge of steel, toolmaking and its history. Topics range from ancient metallurgical techniques to later developments in iron and steel production in America, modern machines and the biomass-derived consumer products and toxic waste that they produce.

While it stands alone as an important resource, the Glossary is also an invaluable component of the Davistown museum Tools in History series, which surveys the history of steel and toolmaking and relates it to New England shipsmiths and edge toolmakers.

Soft Cover, 208 pages.

\$22.00

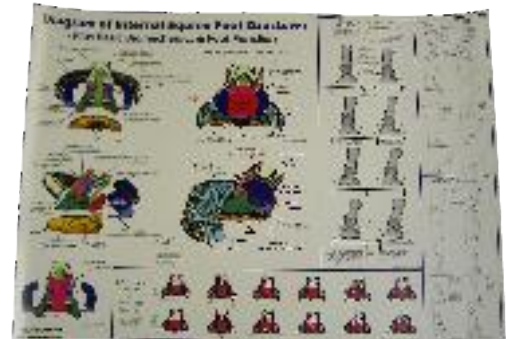

WC10 Anatomy & Biomechanics Poster

By E.D.S.S.

This 26" x 18" full color laminated poster is an excellent tool for illustrating the inner workings of the equine foot. Along with the 3-D model of the basic internal structures of the foot, this poster has both a soft-tissue and a skeletal diagram of the effects of a toe-first vs. a heel-first landing. These illustrations and diagrams make it easy to understand the possible causes of hoof pathologies such as Navicular Syndrome & heel pain.

Leather pads conform to the hoof, allowing for peculiarities and provide maximum comfort. Leather pads are less likely to shift and hold medication well.
-American Farriers Journal-

Pad Cutter

DUVAL

DUVAL PAD CUTTER

The Duval Pad Cutter is an excellent way to save time, effort and money while working on pads. To cut your pads to fit exactly where you need them, simply shape the shoe to fit, place the shoe on the pad and mark an outline of the shoe. Then turn the handle of the Duval Pad Cutter as you feed the pad into the cutter. Be sure to feed the pads from the side of the pad cutter that says "Duval Pad Cutter, Yucaipa, CA".

Please Note: DO NOT trim pads while they are mounted on the shoes. The blades are tempered steel and they will chip if the shoe should bump them.

A pad cutter easily and quickly trims away excess leather or plastic during the crafting of a horseshoe pad. Farriers who use pad cutters make better cuts, save time and avoid wear and tear on their hands.
-American Farriers Journal-

DUVAL PAD CUTTER

Item Code	Description	Each
DUVAL	Complete Pad Cutter	\$270.85

DUVAL REPLACEMENT BLADES

Item Code	Description	Each
DUVALBLT	Replacement Top Blade	\$22.00
DUVALBLB	Replacement Bottom Blade	\$22.00

COPPER SLATING NAILS

Copper Slating Nails are sold in one pound boxes.

70697	P-13	17/64"	14	\$.78	\$.70

PLUGITS

Mustad Plugits prevent debris from getting into the horses heel area by plugging the stud hole. Plugits are treated with a rust preventive formula to give the ultimate in thread protection. Simply turn Plugits clockwise into the stud hole. To remove, pry them out with a pointed object to reveal a like-new stud hole.

Item Code	Description	Bag of 50
PLUGIT	Stud Hole Protection (bag of 50)	\$7.00

TUNGSTEN CARBIDE PINS

As with the drive-in studs, you seat the tapered shaft of the pin into the hole. Holes may be drilled in toe or heel of the shoe using a #15 drill bit (item code DB15). Sold individually.

Item Code	Description	Each	100 +
TCPIN	Tungsten Carbide Pins	\$.45	\$.39

DRILL BIT

Used to drill holes in toe or heel of the shoe for setting the Tungsten Carbide Pins (item code TCPIN). Sold individually.

Item Code	Description	Each
DB15	#15 Drill Bit	\$1.65

VALLEY FARRIER SUPPLY

VALLEY SHOE TAPPER

The Valley Shoe Tapper simplifies the treading of stud holes for screw-in studs. Much faster than a drill and reduces tap breakage to a minimum.

Choose the tapper which fits your 7/8" or 1" hardie hole. Weighs 6 lb.

Item Code	Description	Each
VST78	Shoe Tapper fits 7/8" hardie hole	\$84.95
VST1	Shoe Tapper fits 1" hardie hole	\$84.95

CARBRAZE (Equal to Drill-Tek)

Carbraz (commonly referred to as Drill-Tek) is made of tungsten carbide particles in a matrix of extremely strong nickel-copper alloy. The flux coating on the rods "tins" as you go. Traditionally Carbraz is applied with an oxyacetylene torch. However, it may be applied in the forge. Sold per pound, 2 rods per pound.

Item Code	Description	Per lb.	10 lb.+
CWXFFC	X-Fine Flux Coated, 8-16 mesh	\$34.65	\$31.20
CWFFC	Fine, Flux Coated, 6-10 mesh	\$34.65	\$31.20
CWCFC	Coarse, Flux Coated, 4-6 mesh	\$34.65	\$31.20

WEAR-TRAC (Equal to Borium)

Wear-Trac (commonly referred to as Borium) contains super-hard tungsten carbide granules encased in a mild steel tube. Applying Wear-Trac takes considerable skill and is best applied with either a carbon-arc torch or an oxyacetylene torch in which a carburizing flame (excess of acetylene) should be used. Wear-Trac provides increased traction on hard surfaces while extending the life of the horseshoe. Sold per pound, 6 rods per pound.

Item Code	Description	Per lb.	10 lb.+
14BORST	1/4" Wear-Trac Borium	\$22.75	\$21.60

BK3017 Hammered Copper

By Sandy Baum

See beautiful hammered copper vessels made long ago and today at Santa Clara del Cobre, Mexico, a small town in the southwest state of Michoacan. 393 colorful photographs, a historical perspective, introductions to 540 copper artists and detailed descriptions are combined in this impressive reference.

Hardbound, 160 pages, full page color photographs throughout. **\$29.99**

Shape your shoes before drilling stud holes. If you shape the shoes after you drill the holes, the holes will become distorted.

EQUI-CAST

EQUI-CAST

Equi-Cast can be used for hoof protection or with a shoe, either over a shoe or under a shoe. Cast with no shoes would be appropriate for ponies and horses in moderate work or hooves that have prolapsed soles (flat soles). Shoeing over casts would be for ponies and horses in solid work. Shoeing over casts are very similar in traction and wear to horses regular shoes.

This is a unique wrapping process that uses physics and fiberglass-poly blend cloth, special resins and adhesives imbedded in the cloth adding support to the whole hoof capsule.

Item Code	Size/Description	Each	10+
CAST2	2" x 4' Equi-Cast Roll	\$16.80	\$15.60
CAST3	3" x 4' Equi-Cast Roll	\$16.80	\$15.60

EVA LAMINITIS Kits

Many hoof problems (laminitis/founder) stem from hoof wall failure due to stress: acute laminitis, environment, breeding (thin sole and walls) or conformation resulting in hoof wall fatigue and failure. EVA Shoes and casting (Equi-cast) add unitized stabilization supplementing both vertical integrity and lateral stability to the entire hoof capsule. Applying a fiberglass/polypropylene resin impregnated casts around the circumference (hoof wall) and outer perimeter of the EVA shoe add proper biomechanics and unitized stabilization to the entire hoof capsule.

Kit Includes: 1 pair of EVA Shoes, 2 rolls of 2" x 4' Equi-cast casting tape, 1 pair of disposable gloves, 1 roll of Stretch Wrap, "How To" DVD and Instructions.

Item Code	Size/Description	Each
EVA1	Size 1 EVA Laminitis Kit	\$49.95
EVA2	Size 2 EVA Laminitis Kit	\$49.95

EQUILOX

EQUILOX ADHESIVE

Equilox Adhesive Hoof Repair is a flexible resin which can be used for anything from repairing small quarter cracks to reconstructing an entire hoof wall. The damaged hoof wall is rasped down and an artificial wall is built from Equilox and a layer of composite fabric. Once applied, Equilox sets up in minutes. When cured, the hoof can be rasped, nailed and trimmed just like natural hoof wall.

The Equilox repair will stay tightly bonded to the natural hoof. It is extremely flexible and will remain intact while enduring tremendous pressure. As the natural hoof wall regenerates down, the Equilox repair is trimmed off. When properly used, Equilox is a new tool to fix old problems.

EQUILOX HOOF SUPPORT

Equilox Hoof Support Impression Material is formulated to provide long lasting and resilient sole and frog support and aids in treating laminitis or dropped foot.

The EHS Pink (Soft) formula is for most applications.

The EHS Blue (Hard) formula provides added support for larger horses with shoe sizes 4 and up.

Cure Time: 6 to 8 minutes at 70° Fahrenheit.

Shelf Life: At least 6 months from the fill date indicated on the label - or longer if refrigerated.

Item Code	Description	Each
ACSPINK	EHS Pink Kit for Side-By-Side Cartridges	\$69.95
ACSBBLUE	EHS Blue Kit for Equilox Gold Cartridges	\$69.95

EQUILOX HOOF PUTTY

Equilox Hoof Putty is an excellent temporary Hoof Repair. Use Equilox Hoof Putty for filling nail holes, small cracks and small spaces between the hoof and the shoe. It repairs, rebuilds and cures rock hard. Equilox Hoof Putty will not shrink or pull away and contains no solvents.

This hoof putty has a 3 to 5 minute worklife and an initial set time of 5 to 7 minutes. When fully cured, the Equilox Hoof Putty may be filed and drilled.

Item Code	Description	Each
EHP	Equilox Hoof Putty 4 oz, tube	\$6.60

Equine Hoof Care

EQUINE TECHNOLOGIES

CLEANTRAX

CleanTrax is the deep penetrating hoof cleanser proven effective in eliminating even the toughest infections, in most cases with just a single application. A real solution for hoof infections.

Item Code	Description	Each	6+
10701	CleanTrax Hoof Cleaner	\$16.99	\$16.15

Directions for use:

1. Clean the hoof, remove and wash away excess dirt & debris.
2. Mix the entire contents of the CleanTrax bottle into 1 gallon of room temperature tap water.
3. Pour the CleanTrax solution into the CleanTrax Boot.
4. Immerse the hoof completely into the CleanTrax solution.
5. Soak the hoof for 45 minutes. Extend soaking time to 60 minutes for bad or recurring infections.
6. After soaking, DO NOT RINSE OR DRY THE HOOF. Put a clean, dry plastic bag over the hoof and close up the top. Allow the vapors to penetrate for 45 minutes.
7. If the infection is bad or recurring, repeat the treatment in 2 to 4 weeks.
8. Repeat every 3 to 4 months, cutting the soak time to 20 minutes to protect the horses feet and keep them free of infections.

CLEANTRAX BOOT

The CleanTrax Hoof Boot will aid you in applying CleanTrax Hoof Cleaner. This boot stands approx. 25" tall and is approx. 8-1/2" in diameter across the bottom. Strap on the top helps secure the CleanTrax Bag to prevent spills.

Item Code	Description	Each
10702	CleanTrax Soaking Bag	\$22.95

FUNGIDYE

Fungidye Antiseptic is for use as an antiseptic and wound-healing agent. Also for use as a diagnostic tool to locate cavities during resection. It can be used as a topical treatment on under a patch repair. A proven preventative of fungus infection.

Fungidye is made for White Line Disease, Hoof Rot and Fungus. Fungidye penetrates the hoof into all infected cavities. It is insoluble in water or urine. The anti-fungal agents and two anti-bacterial agents stay after being covered up. Fungidye does not kill tissue. You can bond to Fungidye.

FUNGIDYE

FUNGIDYE

Item Code	Size/Description	Each
36401	Fungidye Antiseptic (2 oz.)	\$ 8.30
36402	Fungidye Antiseptic (4 oz.)	\$13.75

2 oz. Fungidye

4 oz. Fungidye

WHITE LIGHTNING

White Lightning is the active Chlorine Dioxide (ClO₂) solution to thrush, skin fungus and white lightning disease. Chlorine Dioxide has been demonstrated to be bactericidal, fungicidal, virucidal and sporicidal while remaining harmless to healthy tissue.

White Lightning is safe to use and unlike hypochlorite, does not produce toxic by products. Not only is ClO₂ safe, but is up to seven times more effective than chlorine bleach.

White Lightning Liquid

GRAND CIRCUIT

Chlorine Dioxide is an unstable gas...meaning it cannot be stored in a container, but rather must be generated when needed. This is accomplished by adding equal amounts of White Lightning to a mild acid such as white vinegar. A chemical reaction then occurs generating ClO₂. After a period of time, all gas is released and the resulting liquid is inert and totally harmless. In the case of the White Lightning Gel, the same reaction occurs. The Gel is easier to use and is the better choice in certain applications.

Item Code	Description	Each
WHLIGHT	8 oz. White Lightning Liquid	\$10.95
WHLIGHTGEL	30 ml. White Lightning Gel	\$15.15

White Lightning Gel

SOLE PACK HOOF PACKING

The Sole Pack Hoof Packing relieves dry, hard, sore, hooves, while combating bacterial and fungal infections. It also treats white line disease. Sole Pack Hoof Packing is extremely effective in maintaining the natural pliability of the hoof. Sole Pack Hoof Packing is fast-acting, quick-penetrating and formulated with soothing natural ingredients. Sole Pack Hoof Packing is available in easy-to-use individual "Dose Packs" or the more economical 8 lb. bucket.

Item Code	Size/Description	Each
SOLEPACK	2.0 oz. Sole Pack Hoof Packing	\$ 2.20
SOLEPACKBULK	8 lb. Sole Pack Bucket	\$76.80
SOLEPACKLIQ	Medicated Liquid Hoof Dressing	\$18.60

Sole Pack, 2.5 oz.

Sole Pack Bulk

Sole Pack Liquid

HAWTHORNE

PINE TAR

Pine Tar is an effective hoof packing product for horses. It is an aid in maintaining flexible hoof walls by retaining hoof moisture. Apply as a packing product to the bottom of the hoof prior to shoeing. Pine Tar's natural antiseptic qualities combat fungal and bacterial infections in the hoof frog, making it the farrier's choice for treating hoof disorders. It is also used for cuts on any animal from wire.

Item Code	Description	Each
PTQT	Pine Tar, quart	\$9.60

VENICE TURPENTINE

Use Venice Turpentine to harden the hoof by applying it to the sole. Venice Turpentine will move up and make the entire hoof harder. Mix it with Oakum to use as a hoof packing.

Item Code	Description	Each
VENICE	Venice Turpentine, pint	\$10.30

HOOF GUARD

HOOF GUARD

Hoof Guard is a clear sealant for stronger healthier hooves. Seals nail holes and small cracks in the hoof wall; holds in natural moisture; added UV protection; the same Kevlar Aramid fiber used in bullet proof vest strengthens the hoof wall and helps prevent quarter cracks and under slung heels.

HOOF GUARD

Item Code	Size/Description	Each
HOOFGUARD	16 oz. Hoof Guard Clear Hoof Sealant	\$14.85
HGREFILL	32 oz. Hoof Guard Refill	\$19.79

KERATEX

KERATEX HOOF GEL

Keratex Gel protects the hooves of stabled horses from damage caused by ammonia and urea from dung and urine. Keratex prevents horn from softening in wet muddy conditions which could cause premature shoe loss. Keratex Hoof Gel is an advanced modern alternative to hoof oils and greases and is unaffected by the products of excretion and water. Keratex Hoof Gel works without softening or sealing the horn structure, allowing it to retain its strength and breathe naturally. The dry protective coating lasts longer to provide a unique and complete protection against environment conditions well known to adversely affect the quality of the horn and its ability to withstand stress.

Item Code	Description	Each
80634	Hoof Protectant Gel, 1 liter	\$23.65

KERATEX HOOF HARDENER

Keratex Hoof Hardener/Conditioner strengthens poor quality hoof wall so that shoes stay on tight. It allows lightly worked horses to remain sound without shoes. It is ideal for use on hooves with poor quality horn causing premature shoe loss, lightly worked horses, ponies and donkeys which are left unshod, horses roughed off out of season, brood mares, foals and yearlings.

Item Code	Description	Each
80630	Hoof Hardener/Conditioner, 250 ml.	\$39.90

KERATEX HOOF PUTTY

Keratex Hoof Putty is a flexible wax containing slow release organic disinfectant for sealing horn separation cavities. Keratex Hoof Putty seals and waterproofs separation cavities under horn to prevent the ingress of dirt, dung and urine. It seals and stabilizes hoof cavities caused by seedy toe, white line disease and other hoof conditions resulting in horn separation.

Item Code	Description	Each
80632	Hoof Putty & Disinfectant, 200 gram	\$21.85

MENDALL

Mendall is an excellent product for repairing parts of the hoof. While this product has no medicinal qualities, it is excellent for filling. It works like putty, hardens to a like-wood surface, and does not shrink away! Please note: **This product is extremely flammable.**

Item Code	Description	Each
405001	Natural Color Mendall, 1 lb. can	\$10.99

MUSTAD

CROSSAPOL

A formaldehyde free hoof-hardening treatment that strengthens and protects the hoof wall while restoring natural moisture balance. Crossapol creates a denser; stronger hoof structure which is more resistant to damage from moisture and effects of chemicals such as the ammonia in urine.

Item Code	Description	Each
606101	Crossapol Hoof Hardener (275 ml.)	\$28.09

HOOF POWER

This pelleted, multi-nutrient hoof supplement contains generous amounts of high-grade biotin, methionine and 10 other essential ingredients for strong, healthy hooves. If you are treating a horse with "bad feet", it just needs the nutritional strength of Hoof Power. It provides all the essential nutrients a horse needs to have strong, tough hooves. Things like Biotin, Methionine and the often overlooked critical components, Zinc, Copper and five essential Amino Acids. Compare Hoof Power with other brands and you will see why it's the best hoof supplement money can buy.

Item Code	Description	Each
606333	Hoof Power Feed Supplement 22 lb. bucket (approx. 52 day supply)	\$59.90

HOOF SHIELD

Hoof Shield is an all-natural hoof sealant formulated to maintain the natural moisture level of the hoof. It forms a barrier to prevent brittle cracking in hot, dry conditions and soft, mushy hooves in wet conditions. Hoof Shield also fills old nail holes which can prevent fungus, while providing a show-ring shine.

Item Code	Description	Each
HOOFSHIELD	Hoof Shield Hoof Sealant (8 oz.)	\$10.55

HOOF MARVEL

All natural hoof re-moisturizer that works incredibly fast to restore moisture to the foot. A real friend to the farrier who wants a workable hoof when conditions are extremely dry. Applications 4 to 6 times a week can help keep the hoof moisture level similar to that of a horse on spring grass.

Item Code	Description	Each
60602	Hoof Marvel Hoof Re-Moisturizer (32 oz. spray bottle)	\$ 9.89

HM1GAL	Hoof Marvel 1 Gallon Refill	\$24.50
--------	-----------------------------	---------

THRUSH BUSTER

Thrush Buster is so powerful, it lasts up to 8 days without reapplication even in the wettest, muddiest terrain. Stomps out thrush on contact. A single application relieves agonizing, crippling effects of thrush and dramatically reduces chance of reinfections.

Item Code	Description	Each
THRUSHBUST	Thrush Buster, 2.0 oz.	\$10.95

TUFF STUFF

Tuff Stuff is a hoof conditioner and toughener that is also a show quality cosmetic. It strengthens brittle, shelly, mushy or cracked hoof walls. Tuff Stuff protects scuffed toes and guards against fungus, caustics and bacteria and maintains the hoof wall's natural moisture level.

Item Code	Description	Each
TUFFSTUFF	Hoof Conditioner & Toughener (7.5 oz.)	\$10.95

Equine Hoof Care

NUPAK

OAKUM

Oakum is oil treated jute fiber, loosely twisted, used for hoof packing. 27" lengths.

Item Code	Description	Each
OAKUM	Oakum Hoof Packing, 5 lb. box	\$24.15

R.A.T.E.

R.A.T.E. Hoof Packing's pure-fit formula soothes the hoof with natural medicines maintaining a strong, pliable and overall healthy hoof. It is a leather-based hoof pack that delivers comfort and performance throughout all applications. R.A.T.E. Hoof Packing treats abscesses and sole bruising along with preventing thrush and other common hoof problems.

Item Code	Size/Description	Each
RATE1	1 lb. Roll Hoof Packing	\$ 7.85
RATE4	4 lb. Bucket Hoof Packing	\$24.50
RATE1G	1 gallon Bucket Hoof Packing	\$53.35
RATE2G	2 gallon Bucket Hoof Packing	\$97.35

R.A.T.E.

R.A.T.E. PLUS

R.A.T.E. Plus Hoof Packing is ideal for those who want to find the hoof packing where they set it. With additional natural rubber proteins mixed into the original formula, R.A.T.E. Plus achieves a dense, self-sealing hoof pack that unites with the hoof and not your hands.

Item Code	Size/Description	Each
RATEPL1	1 lb. Roll Tacky Hoof Packing	\$ 9.30
RATEPL4	4 lb. Bucket Tacky Hoof Packing	\$ 31.65
RATEPL1G	1 gallon Bucket Tacky Hoof Packing	\$ 65.35
RATEPL2G	2 gallon Bucket Tacky Hoof Packing	\$121.85

SBS

SBS HOOF PATCH KIT

The SBS Hoof Patch Kit contains strong heat moldable resin patches and a two part space age adhesive. The SBS Hoof Patch Kit tackles those stubborn cracks in minutes and without screws. It stabilizes the hoof as the crack grows out. Unlike metal patches, SBS Hoof Patch does not need to be removed at the next shoeing. This 20 minute crack repair kit contains two resin patches and two 1 oz. dispensers of adhesive.

Item Code	Description	Each
HP1	Hoof Patch Kit	\$39.40

SBS CRACK FILLER KIT

The SBS Crack Filler Kit has excellent adhesive qualities that are impervious to water, urine and other contaminants. When cured, SBS Crack Filler becomes part of the hoof wall so that it can be rasped and trimmed like a natural horn. This easy to use 2 part system includes a convenient dispensing tube that allows you to use what you need with no waste. Also includes mixing sticks and reinforced mesh. Approximately 3 to 4 repairs per kit.

Item Code	Description	Each
CF1	Crack Filler Kit	\$16.75

SBS HOOF SEALANT II

SBS Farrier's Hoof Sealant II is the second generation of our popular hoof sealant that was named "Editor's Choice" in 2010. The new larger bottle contains over 6 million nylon micro fibers that web seals nail holes and toe cracks which are the obvious pathways of infection. The new stronger formula also reinforces nail clinches which has shown to prevent thrown shoes. Sealant is compatible with other hoof dressings that can be used as a top coat for shows or after trimming.

Item Code	Description	Each
SC4	Clear Hoof Sealant, 8 oz.	\$15.99

Hoof Sealants are designed to prevent water loss or uptake through the horn surface by sealing the outer tubules.

Moisturizers are designed to increase the flexibility of the hoof.

-American Farriers Journal-

SBS SAVE-A-HOOF GEL

SBS Save-A-Hoof Gel is a unique, concentrated time release formula that fights White Line Disease, Seedy Toe, Thrush, Candida Yeast, Anaerobic and Aerobic Bacteria, Mold and Fungus. Use Save-A-Hoof Gel in nail holes, hoof cracks and defects and apply deep into the sulcus and under shoes and pads. SBS Save-A-Hoof Gel can arrest hoof disease that otherwise may result in hoof resection, and it lasts for weeks.

Item Code	Description	Each
SG1	1 oz. Gel	\$22.95

SBS SAVE-A-HOOF LIQUID

SBS Save-A-Hoof Liquid fights White Line Disease, Seedy Toe, Thrush, Candida, Anaerobic and Aerobic Bacteria, Mold and Fungus. Apply daily to the affected area for maximum results. It can also be applied to the coronary band which will allow it to enter the horn tubules. Includes built-in applicator.

Item Code	Description	Each
SL7	7.5 oz. Liquid	\$17.15

SBS SAVE-A-HOOF SPRAY

SBS Save-A-Hoof Spray is a convenient, easy to apply spray formula that fights White Line Disease, Seedy Toe, Thrush, Candida, Anaerobic and Aerobic Bacteria, Mold and Fungus. Save A-Hoof Spray can be used for prevention as well as treatment. Spray on coronary band, hoof wall, sole, nail holes, under shoes and pads. Binds to hoof protein and forms a barrier against infection. When applied to the hair line or the coronary band, it will travel down horn tubules and seek out infection, even behind wrapped or taped feet. Safe for horses, humans and the environment.

Item Code	Description	Each
SP16	16 oz. Spray	\$17.35

SBS THRUSH STOP

SBS Thrush Stop creates an antiseptic barrier between thrush and healthy tissue by actually bonding to the hoof protein for long lasting protection. Thrush Stop is not caustic like other commercial preparations that can mummify and stunt new horn growth. SBS Thrush Stop is also safe to use and contains no formaldehyde (formalin) or other cancer causing agents.

Item Code	Description	Each
TS1	Thrush Stop, 4 oz.	\$8.25

VETTEC/EQUI-THANE

EQUI-PAK

Your "Go To" product for comfort, protection and therapeutic support. Available in 180cc Cartridge.

- Bonds directly onto the sole and frog, Equi-Pak™ is a liquid urethane that sets in 30 seconds
- Can be used with or without a pad
- Provides support and protection for thin soled, flat-footed horses, absorbs the shock and concussion
- Can be filled to ground level for added support in less than 1 minute
- No hand mixing and no waste
- Will not breakdown, impervious to debris and moisture
- Sole and frog left in great condition
- Improves depth of sole

Item Code	Size/Description	Each	12+
46121	180cc Equi-Pak	\$23.95	\$23.45

EQUI-PAK CS

Infused with copper sulfate to effectively manage mild and moderate cases of thrush.

Available in 180cc or 50cc Cartridge.

- Can be used as a preventative measure during wet seasons
- Bonds to the sole eliminating the need to pick out the feet and apply daily medication
- Uniform support allows for faster, thicker hoof wall and sole growth
- Provides same protection and support as original Equi-Pak

Item Code	Size/Description	Each	12+
46122	180cc Equi-Pak CS	\$26.95	\$26.45

Item Code	Size/Description	Each	6+
46103	50cc Equi-Pak CS	\$25.98	\$25.48

EQUI-PAK SOFT

Handle those "sensitive situations" with Equi-Pak|Soft™. Available in 180cc Cartridge.

- About 2X softer than regular Equi-Pak
- Stays soft (even in cold temperatures)
- Strong bond to soles sealing out moisture and debris, (better than silicones)
- Use with pads on working horses
- Perfect for deep commissures and thin soles
- Can be filled to ground level (w/o a pad) for lameness cases (with limited turnout)
- Absorbs shock and concussion

Item Code	Size/Description	Each	12+
46118	180cc Equi-Pak Soft	\$23.95	\$23.45

SOLE-GUARD

- Apply directly to the sole and frog
- Fast and convenient
- Bonds to the foot for 2 weeks
- Provides protection and support
- Great for providing support for heavy, late term brood mares
- Temporary protection for horses transitioning from shoes to barefoot
- Can be used as a thin protective layer on the shod foot

NOTE: Sole-Guard™ is designed for use without shoes and stays bonded to the feet for 2-3 weeks of light riding (more strenuous riding may shorten this time). This technique is not recommended for use on sore, lame or very thin soled feet.

Item Code	Size/Description	Each	12+
46160	180cc Sole Guard	\$26.95	\$26.45

Item Code	Size/Description	Each	6+
46163	50cc Sole Guard	\$24.98	\$24.48

SIL-PAK

Vettec's silicone packing material is automatically dispensed under a pad to cushion, seal and protect the equine foot. Available in 180cc Cartridge.

- Weight bearing in 2 minutes
- Totally fills and seals all void areas
- Auto-mixing ensures consistent set times
- Ensures complete coverage of sole
- Prevents debris migration
- Use existing mixing gun and tips
- Economical application

NOTE: Sil-Pak™ is not a replacement for Equi-Pak. Equi-Pak does not require a pad, sets in 30 seconds, bonds to the sole, is very durable, provides better support and is highly shock absorbent.

Item Code	Size/Description	Each	12+
46190	180cc Sil-Pak	\$14.50	\$14.00

EQUI-BUILD

Distribute the weight across the entire hoof-bottom to grow heel, hoof wall and sole. Available in 180cc Cartridge.

- Adheres to the sole, sealing out moisture and debris
- Stops heels from contracting
- Allows for faster, thicker hoof wall and sole growth
- Takes pressure off wall cracks
- Can be used very successfully on foundered and laminitic cases
- Less wear on shoes allowing multiple resets
- Stabilizes shoes, no enlargement of nail holes
- Self-leveling liquid is brought flush to the ground

Item Code	Size/Description	Each	12+
46126	180cc Equi-Build Fast Set, Black	\$22.75	\$22.25

SUPER FAST

30-second Hoof Adhesive

- Create a custom shoe in minutes
- Foal cuffs attached in seconds or custom made in minutes
- Small hoof repairs and toe cracks completed quickly
- Helps to hold thin, brittle hoof walls together

Item Code	Size/Description	Each	12+
46140	180cc Super Fast	\$26.95	\$26.45
46143	50cc Super Fast	\$18.98	\$18.48

ADHERE

Glue-on-shoe Hoof Repair

Fast-setting urethane adhesive designed to bond steel, aluminum and urethane shoes to the hoof and to fabricate large and small hoof wall repairs. Available in 180cc or 50cc Cartridge.

- 4 week average for glue-on urethane shoes
- Initial set time of 1 minute and final cure time of 6 minutes
- Perfect for most every hoof repair application
- Adhere™ sets hard with a superior bond, but maintains the flexibility necessary at the quarters and heels to allow the natural movement of the hoof

Item Code	Size/Description	Each	12+
46150	180cc Black Adhere	\$26.95	\$26.45
46155	180cc Beige Adhere	\$26.95	\$26.45

Item Code	Size/Description	Each	6+
46153	50cc Black Adhere	\$18.98	\$18.48

Hint: Keep Vettec products at least 1/8" thick or more for positive results in all areas of repair.

Order by phone by calling 1-800-666-9175

Equine Hoof Care

VETTEC/EQUI-THANE

THRUSH-PAK

Thrush-Pak combines Equi-Pak|CS and Sole-Guard to effectively manage thrush.

- Apply directly to thrush area
- Lasts up to 2 weeks and eliminates most cases of thrush
- Keeps the foot clean and dry
- Provides protection and support
- Easy 2 step application

NOTE: Equi-Pak|CS™ and Sole-Guard™ provided in this kit are applied to the frog and sole in combination and stays bonded to the feet for 2-3 weeks of light riding (more strenuous riding may shorten this time). These products may also be applied to sound horses that are shod.

This technique is not recommended for use on sore, lame or very thin soled feet.

Item Code	Size/Description	Each
46123	50cc Thrush-Pak Kit	\$25.98

EQUI-PAK/CS

Infused with copper sulfate to effectively manage mild and moderate cases of thrush.

- Use as a preventative measure during wet seasons
- Eliminates the need to pick out feet daily
- Bonds to the sole, sealing out dirt and debris
- Provides protection and support
- Allows for fast, thick hoof wall and sole growth

NOTE: Equi-Pak|CS™ is a fast setting (45 seconds) liquid urethane hoof packing material infused with copper sulfate for the treatment and prevention of thrush. Equi-Pak|CS protects both the frog and sole and eliminates the need to pick out the feet or apply daily medication.

Item Code	Size/Description	Each
46103	50cc Equi-Pak CS Kit	\$25.98

FOAM BOARDS

Adhesive Foam Form

- Easy to apply
- Seals and supports Vettec products until set
- Recesses material from ground level for traction
- Evenly distributes material over surface. No material ends up as a "high" point to create sole pressure.
- Reduces the time holding the hoof up
- Easy to remove

Item Code	Size/Description	Each	12+
46015	Foam Boards, 6" x 6"	\$.70	\$.65

CONTOURING PLASTIC

Translucent lightweight plastic material that can be utilized to push the product into the voids

- Used after applying Vettec products to smooth and level the material
- Will not stick to Vettec products and can be discarded after use

Item Code	Size/Description	Each
46904	Contouring Plastic	\$5.89

BELLOTA

BELLOTA CLASSIC

The smooth cut of the Bellota Classic file side is the best choice for a smooth finish.

Item Code	Size/Description	Each	6 +
BELLOTA	14" Bellota Classic Rasp	\$18.95	\$18.40

TOP SHARP

The aggressive design of the file side on the Bellota Top Sharp lets you get in and out with maximum results.

Item Code	Size/Description	Each	6 +
SHARP	14" Top Sharp Rasp	\$18.95	\$18.40

Bellota Classic Rasp

RAZOR

Like its name implies, the rasp side of the Bellota Razor Rasp offers an extreme cut when compared to other Bellota Rasps, while the file side is also coarser. This 14" rasp incorporates a tooth design to reduce clogging and to retain its sharpness.

Item Code	Size/Description	Each	6 +
RAZOR	14" Razor Rasp	\$20.40	\$18.60

Razor Rasp

DIAMOND

DIAMOND

The Diamond American pattern double farrier's rasp is extra thin and has an aggressive cut. Both sides are 7/8" / 22 mm at point. While other rasps have 5 teeth per row, The Diamond rasp features 6 teeth per row, making it a more efficient choice. The rectangular shape is easy to work with.

Item Code	Size/Description	Each	6 +
DIARASP	14" Diamond Rasp	\$18.30	\$16.50

NICHOLSON

The Nicholson Farriers Handy Rasp is a single cut on the edges. It features a comfortable cushion grip at point and handle eliminating the need for a rasp handle. The body of the Handy Rasp is identical to that of the 14" Platers's Special Rasp. While most rasps have 5 teeth per row, this rasp cut is 6 teeth per row, improving your efficiency.

Item Code	Size/Description	Each	5 +
18155	14" Nicholson Handy Rasp	\$18.30	\$16.50

Handy Rasp

OUTLAW

The Diamond Outlaw High Performance Rasp resists clogging due to the angled tooth face. The file side produces a consistent smooth finish. You will get superior performance in both wet and dry conditions. The rasp side allows for aggressive but controlled hoof removal. Rasp teeth on one side, file teeth on the other side, single cut on edges.

Item Code	Size/Description	Each	6 +
OUTLAW	14" Outlaw Rasp	\$15.00	\$13.50

Outlaw Rasp

Horn quality varies among horses based on hereditary and environmental factors.

HELLER

HELLER LEGEND

The Heller Legend Rasp features a larger tooth angle, resulting in a more open structure in the rasp. Well suited for softer, damper horn material which clogs a finely toothed rasp.

Item Code	Size/Description	Each	5 +
HRASP	14" Heller Legend Rasp	\$21.25	\$20.45

BLACK HELLER LEGEND

The Black Heller Legend Rasps features a larger tooth angle, resulting in a more open structure in the rasp. Perfect for softer, damper horn material that tends to clog a finely toothed rasp.

Item Code	Size/Description	Each	5 +
BHRASP	14" Black Heller Rasp	\$25.20	\$24.20

HELLER RED TANG

The Heller Red Tang Rasp is a finely toothed rasp that removes material easily and is well suited for rasping hard, dry hooves.

Item Code	Size/Description	Each	5 +
SIMRASP	14" Heller Red Tang Rasp	\$21.25	\$20.45

HELLER BLACKMASTER

The Heller Blackmaster Rasp is a finely toothed rasp that is perfect for hard, dry hooves. This rasp has an extra coating to ensure material is released from the rasp more easily and make it more wear resistant.

Item Code	Size/Description	Each	5 +
SIMAX	14" Blackmaster Rasp	\$24.30	\$23.35

HELLER BIG HOOF

The Heller Big Hoof Rasp is an extra long fine-toothed rasp. Length makes this rasp a good choice for extra large hooves. Fine teeth make it ideal for dry, hard hooves.

Item Code	Size/Description	Each	5 +
SIM-17	17" Big Hoof Rasp	\$24.30	\$23.35

Heller Red Tang Rasp

Big Hoof Rasp

PFERD

PFERD HOOF PLANE

Unlike conventional rasps, the Pferd Hoof Plane does not have rasp cut or cross cut faces but possesses milled teeth on both sides (one fine, one coarse side). It can be used for planing the hoof surface, trimming the hoof wall and filing the toe. Thanks to the high material quality employed, even hoof nails can be dressed with this tool after shoeing; neither the nails nor the steel of the horseshoe will cause its teeth to become blunt. Supplied as a rectangular file with tang, teeth on all four sides. The Pferd Hoof Plane is 17-1/4" in overall length and 1-3/4" wide.

Item Code	Size/Description	Each	5 +
PFERD14	14" Pferd Hoof Plane	\$62.45	\$59.95

Rasps

SAVE EDGE

SAVE EDGE BEAST

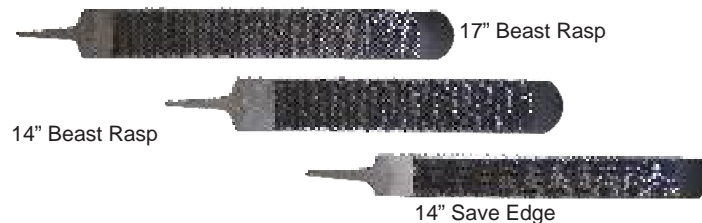

Save Edge has unleashed the Beast! This impressive rasp gives you 35% more cutting surface. Regular rasps are 1-3/4" wide while the Save Edge Beast rasps are 2-1/4" wide. The Beast rasps features the same Save Edge tooth pattern and allows you to achieve a level surface in fewer strokes. The Beast is available in 14" or 17" rasps.

Item Code	Size/Description	Each	6 +
14BEAST	14" Beast Rasp	\$26.50	\$23.99
17BEAST	17" Beasts Rasp	\$28.79	\$26.65

PULL-OFFS

CENTAUR

The Centaur Pull-Off's are 12-1/2" in length with 11" handles and teeth on the outside edges for spreading most styles of shoes.

Item Code	Description	Each
CENTNP	12" Blackened Puller/Spreader	\$41.95

DIAMOND

The Diamond 12" Puller/Spreader has an exclusive pattern which includes sharp teeth on the outside edges, making it easier to spread and shoe. It can also be used for cutting nails. The button rivet construction and ergonomic round knobs on the handles make this a great choice for your puller/spreader.

Item Code	Description	Each
SP12D	12" Puller/Spreader	\$55.00

G.E.

G.E. Pull-Offs are drop forged from chrome vanadium steel with knobs on the handles for easy identification. They are used in the removal of shoes and can also cut nails without damage to the blades.

Item Code	Description	Each
GEPULL12	12" Pull-offs	\$155.25
GEPULL14	14" Pull-offs	\$155.25

MUSTAD

The well-balanced Mustad 14" Pull-Off's are ideal for both the farrier and the horse owner when removing horseshoes of any size. As an added bonus, the flat jaw is ideally suited to block nails. The precision teeth - located on the outside - make it easy to spread and widen shoes. The high quality steel construction and well-finished edges easily cut nails, staying sharp time after time.

Item Code	Description	Each
60003	14" Blackened Puller/Spreader	\$80.35

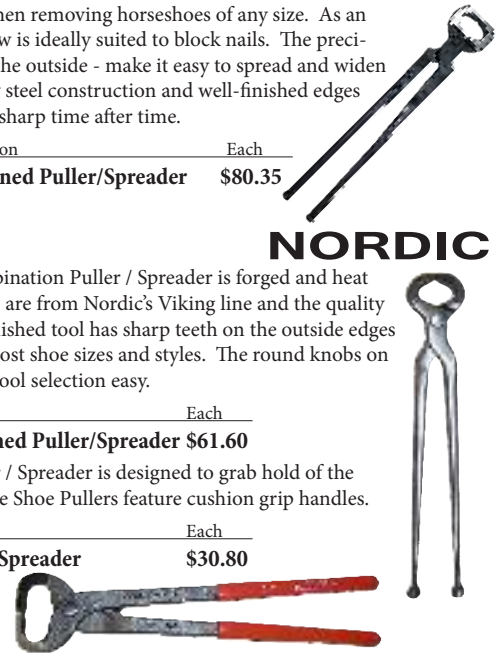

NORDIC

The Nordic Forge combination Puller / Spreader is forged and heat treated. These pull-offs are from Nordic's Viking line and the quality is outstanding. The polished tool has sharp teeth on the outside edges for ease in spreading most shoe sizes and styles. The round knobs on the handle ends make tool selection easy.

Item Code	Description	Each
NF12PO	12" Polished Puller/Spreader	\$61.60

The Nordic Shoe Puller / Spreader is designed to grab hold of the shoe for removal. These Shoe Pullers feature cushion grip handles.

Item Code	Description	Each
106P	14" Puller/Spreader	\$30.80

CLINCHERS

CENTAUR

The Centaur Curved Jaw Clinchers are 14" long with 11" handles and a polished finish. The bottom jaw depth is 1-3/4".

Item Code	Description	Each
CENTCL	Curved Jaw Clincher	\$32.50

DIAMOND

The Diamond Saddlehorse Clincher is for larger nails in saddle horses. It is forged from high quality steel with a button rivet construction.

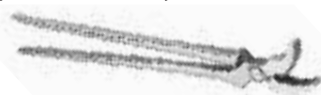

Item Code	Description	Each
HC12	Saddlehorse Clincher	\$54.25

G.E.

CURVED JAW

G.E. Clinchers are drop forged from chrome molybdenum steel. The teeth are heat treated to hold their bite longer under heavy use.

Item Code	Description	Each
GECJCL	Curved Jaw Clincher	\$155.25

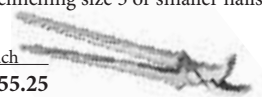

G.E.

CURVED LOW NAIL JAW

The G.E. Curved Jaw Low Nail Clincher is ideal for clinching size 5 or smaller nails and works great for clinching race nails.

Item Code	Description	Each
GECJLNCL	Curved Jaw Low Nail Clincher	\$155.25

NORDIC

CURVED BOTTOM JAW

From Nordic's Viking line, these clinchers have a slightly curved bottom jaw, which offers more leverage. These clinchers are semi-polished, which means they have smooth handles and polished jaw. Forged from high quality tool steel and heat treated for strength.

Item Code	Description	Each
116SSP	Curved Bottom Jaw Clincher	\$52.90

NAIL CLINCHER

Professionally forged for use on high and low nails, used to roll over nails with curved jaw. These clinchers feature cushion grip handles.

BK500 *The Blacksmith's Cookbook:*

Recipes in Iron

By Francis Whitaker

The Blacksmith's Cookbook: Recipes in Iron was originally published in 1986, is now back and printed in it's original spiral bound format.

This book relates a kitchen with it utensils to a blacksmith's shop with its tools. The chapters include:

- The Kitchen: Equipment of the Forge
- Cooking Utensils: Tools of the Smithy
- Techniques: Operations of the Blacksmith
- Recipes: Projects of the Smith
- Recipes II: Architectural Ironwork
- The Cooking Class: Workshop Notes

This book is the result of 10 years of workshops, demonstrations and classes taught by Francis Whitaker. Here is your chance to learn from the Master Blacksmith yourself.

Spiral Bound Paperback, 153 pages, over 100 illustrations & photos.

\$40.00

BK3026 *Pocketknife Making for Beginners*

By Stefan Steigerwald & Peter Fronteddu

Make your own folding pocketknife with this easy-to-follow guide. Step by step, this instructional manual unfolds the secrets of constructing a slip joint folding knife, which is held open by spring force and friction. In addition to introducing different variations of this knife style, this guide presents the materials, tool and technical design skills needed for the project. Diagrams clearly demonstrate the mechanics of your knife and the crucial elements needed to make a properly functioning pocketknife.

Detailed step-by-step explanations move from template to finished knife even beginners can master the project with minimal tool requirements. Once the knife project is complete, you can use the processes in this guide and your own creativity to construct a special knife of your own design.

Paperback, 128 pages, full color photos.

Hoof Stands

CENTAUR

The Centaur Hoof Stand is a welded solid steel tripod. This heavy duty hoof stand is 20" tall and has a 24" diameter base. Extra rigid and extra stable, the Centaur Hoof Stand features a 1-1/2" platform for the hoof, 2" square foot pads and weighs 9 pounds.

Item Code	Description	Each
FOOTST	Tripod Hoof Stand	\$76.95

HOOFJACK

The **Standard Hoofjack**® will accommodate a pony up to a small draft or draft cross (hooves up to size 6). The **Standard Hoofjack**® overall height adjustment is 14" to 22". The **Mini Hoofjack**® overall height adjustment is 8" to 12".

The **Medium Hoofjack**® is designed to support the for smaller horses under 12 hands, geriatric horses with limited range of motion and for the user who is under 5'9" wanting to use the cradle on the front leg. Cradle adjusts from 11-1/2" to 17", straight post adjust from 11" to 19".

The **Draft Hoofjack**® is for use on hooves larger than a size 6. The **Draft Hoofjack**® overall height adjustment is 14" to 22".

All of the Hoofjack's consist of one base with two magnets, one cradle, and one straight post with rubber cap. Free 40 minute Hoofjack® instructional video included.

The Hoofjack® standard base is made of linear polyethylene and is 12" in height with a base diameter of 18". The base material comes with a three year warranty against horse breakage.

The Hoofjack® is a lightweight, durable hoof stand and cradle. Its base is a patented, extremely durable plastic that has been specifically designed to be stable and lightweight. Each interchangeable insert is constructed of a lightweight aluminum for strength and durability. The post is topped with a noninvasive rubber cap, while the cradle is constructed of a powder-coated aluminum with a durable woven-fabric sling. The inserts are easily adjusted to any height and held firmly in place with the tension knob.

Hoofjack® is designed to support the horse's foot through all phases of trimming, treatment and daily care. Hoofjack® provides a stable support for the horse to rest its foot on, allowing the horse to feel comfortable, secure, and relaxed, while reducing strain to the horse handler's back and knees. Hoofjack® will aid the horse owner, hoofcare professional and veterinarian in performing hoof procedures that would normally require support of the hoof by the handler.

Benefits of the Hoofjack® Hoof Stand:

- * Allows you to change trimming posture without having to drop the hoof.
- * Takes your mind off your back and knees and puts it back into your work.
- * Allows you to safely and effectively trim, rasp, and shape the hoof.
- * The solution for the leaning horse.
- * Accommodates older horses with limited range of motion.
- * Magnet accessory - for hoof pick, wrenches, farrier tools, etc.
- * Conforms to each individual hoof shape.
- * Made in the USA by a farrier with 28 years of experience.

BK3000 *American Blacksmiths: In Their Own Words*

By Vince Nakovics

This is a collection of interviews with Blacksmiths between 2007 and 2010. They tell how the ring of the anvil and crackling of the fire first enthralled them and drew them to the age old craft. They present their thoughts on "Traditional vs. Modern" techniques and on those who influence them. These Smiths provide insight into the business of running a Blacksmith shop.

Paperback, 290 pages. 161 black & white photos.

SAFETY GLASSES

DIDYMIUM

Schott Glass Technologies has developed a new contrast enhancement glass for spectacle lenses. The new material, called "Amethyst Contrast Enhancer" utilizes rare earth oxides in the glass composition to achieve the unique color enhancing characteristics. This glass is very efficient in filtering sodium flare in addition to providing ultraviolet protection to 390 nm. ACE glass is very comfortable for viewing under high ambient light conditions, such as when working with glowing heat sources for a duration of time. These ACE Didymium have a relatively low luminous transmission of 38%, and is not recommended for sun protection use unless UV filtering coatings are applied.

Item Code	Description	Each	6+ Each
3517	Didymium Safety Glasses 50mm eye size	\$50.25	\$47.45

CLEAR

The Economy 70-F Safety Glasses only come in smoke grey frames with wire mesh side shields. This Economy frame has a comfortable fit and has been used in the safety glass industry for many years.

The optical quality of clear glass is higher than that of any other material used for safety eye wear. Unlike plastic lenses, clear glass is naturally scratch resistant and has the least amount of distortion than an other lens material.

Item Code	Description	Pair
3577	Clear Safety Glasses	\$19.50

Wear earplugs and safety glasses when you are working with tools.

BLACKSMITH APRONS

Back of Apron

BK3013 *Mastering the Fundamentals of Blacksmithing*

The Skills of a Blacksmith - Volume 1

By Mark Aspery

Mastering the Fundamentals of Blacksmithing is an expanded collection of course text from the author's own blacksmith school. Mark Aspery leads the student from the basic tenets of blacksmithing through more complex projects step-by-step. This book starts with the laws on principles of blacksmithing and has a good section on working safely within the smithy.

Hardbound, 300 pages, over 1200 photos.

MYRON MCLANE

ORIGINAL APRONS

Myron McLane Aprons are American made of cotton duck cloth and chap split leather. Constructed and manufactured like a fine article of clothing, Myron McLane aprons are all double stitched and the best hook & loop fastener available is used for the waist and leg straps. Elastic gathers on the back of the waist strap prevent the apron from sliding off the hips, no matter what sort of body shape a shoer may have. The leather used is tanned especially for Myron McLane Aprons by a process that makes it extremely durable and tough, yet soft and flexible. It is the most comfortable apron you can buy. The Myron McLane aprons have 2 knife pockets and extra space allowing farriers to install magnets if they choose. Myron McLane Original aprons are available in blue, black, green and cranberry in 3 sizes: small, medium and large.

Item Code	Size/Description	Each
ORIGINALSM	Small Original Apron 28" long, 24" at the waist, 52" across from belt tip to belt tip	\$175.00
ORIGINALMED	Medium Original Apron 29-1/2" long, 24" at the waist, 52" across from belt tip to belt tip	\$175.00
ORIGINALLG	Large Original Apron 30" long, 29" at the waist, 60" across from belt tip to belt tip	\$175.00

Leather starts below the belt.

Knife Pockets

MYRON MCLANE

SPARKY APRONS

The Myron McLane Sparky Aprons are made with the same high quality materials as the Myron McLane Original aprons with the difference of the leather on the legs extended up to the waist band. Myron McLane Sparky aprons are navy blue and in 3 sizes: small, medium and large.

Item Code	Size/Description	Each
SPARKY	Small Sparky Apron 28" long, 24" at the waist, 52" across from belt tip to belt tip	\$185.00
SPARKYMD	Medium Sparky Apron 29-1/2" long, 24" at the waist, 52" across from belt tip to belt tip	\$185.00

BK3012 Making a Copper Weathervane

By Bruce Heimreich

Using over 290 crisp color images, 25 detailed line drawings and concise text, this book will guide readers through the steps necessary to build a hand-hammered copper weathervane. Folk art subjects used in American weathervanes are shown, including domesticated and wild animals, birds, occupations, patriotic themes and transportation.

Create your own design or use the complete set of plans included to produce a traditional rooster weathervane. Using basic tools, ageless techniques and sheet copper available at your local sheet metal shop, this book will teach you how to make a weathervane that will serve your roof for years. Whether you are an experienced metal worker or a woodworker who is looking for a challenge, this is the book for you.

Soft Cover, 160 pages.

NORDIC

The Nordic Rounding Hammer is forged from quality tool steel and is perfectly balanced. Features include one round crowned face and one flat face with beveled edges to reduce the possibility of chipping. These hammers also feature Arkansas hickory handles.

Item Code	Description	Each
286	1.5 lb. Rounding Hammer	\$25.90
285	2 lb. Rounding Hammer	\$26.60

JIM POOR

Great care goes into the custom heat treating of these hammers. They are tempered back to be slightly softer through the bodies, and then hardened only on the striking ends. This 3 step process takes more time, but results in less vibration and shock with each blow of the hammer. The heavier the hammer, the larger the body and face.

Item Code	Description	Each
JP1.75RH	1.75 lb. Rounding Hammer	\$179.95
JP2RH	2 lb. Rounding Hammer	\$179.95

NORDIC HARD TURNED Rounding Hammers

Forged from high quality tool steel, machined to exacting tolerances and then carefully heat treated. After heat treat, the heads undergo a unique process that gives them a superior finish while rounding the chamfers to help prevent chipping. Both hammers also feature new Arkansas hickory burnt and buffed handles.

Item Code	Description	Each
286HT	1.5 lb. Hard Turned Hammer	\$35.30
285HT	2 lb. Hard Turned Hammer	\$36.75

Hammers

CLIPPING HAMMERS

JIM POOR

The Jim Poor Clipping Hammer is made of 4140 alloy steel and are hardened on the striking surface of the hammer. The body of the hammer is slightly softer, which absorbs some of the vibration caused when the hammer strikes another object. These clipping hammers are perfectly balanced. By balanced, we mean they are the same weighted on the pien side as on the flat side. This is what keeps the hammer from twisting in your hand. All Jim Poor Tools are made in the USA.

Item Code	Description	Each
JP1.75CH	1.75 lb. Clipping Hammer	\$179.95
JP2CH	2 lb. Clipping Hammer	\$179.95

BK3014 Mastering the Fundamentals of Leaf-Work

The Skills of a Blacksmith - Volume 2

By Mark Aspery

Mastering the Fundamentals of Leaf-Work offers detailed, step-by-step instructions on the processes involved in blacksmithing leaves. As in Volume 1, this is an expanded collection of course text from the authors own blacksmith school and his many demonstrations. Included is information on the related tooling needed to be successful in leaf work and how to make many of the necessary jigs, dies and tooling.

Hardbound, 300 pages, over 1000 photos.

\$59.00

MALLETS

GARLAND MFG.

These excellent non-marring Leather Rawhide Mallets are great for moving metal when you don't want to leave a mark.

Item Code	Description	Each
4RAWH	11 oz. Rawhide Mallet, 2" x 3-1/2" Head	\$32.95
5RAWH	22 oz. Rawhide Mallet, 2-3/4" x 4-1/4" Head	\$58.95

BLACKSMITH/LOCKSMITH HAMMERS

CENTAUR STRAIGHT PEIN HAMMER

The Centaur H133 is the perfect hammer for basic blacksmithing applications. The balanced pein end runs parallel to the handle. The face side is crowned to prevent sharp impressions.

Item Code	Description	Each
H133	2 lb. Straight Pein	\$35.95

PEDDINGHAUS SWEDISH PATTERN HAMMERS

The Peddinghaus Swedish Pattern Hammers have a slightly curved face across from the balanced pein. They give you superior control when your working, making your work safer and more efficient.

Item Code	Description	Each
5044031000	1000 gram (2.2 lb.) Swedish Pattern	\$38.00
5044031500	1500 gram (3.3 lb.) Swedish Pattern	\$50.00

Swedish Pattern Hammer

GERMAN PATTERN HAMMERS

The Peddinghaus German Pattern Hammers have flat face on one side with a balanced pein on the other. These hammers are an excellent addition to any smithy.

Item Code	Description	Each
5039020600	600 gram (1.3 lb.) German Pattern	\$20.25
5039020800	800 gram (1.8 lb.) German Pattern	\$23.25
5039021000	1000 gram (2.2 lb.) German Pattern	\$27.00
5039021500	1500 gram (3.3 lb.) German Pattern	\$36.00
5039022000	2000 gram (4.4 lb.) German Pattern	\$46.25

CENTAUR

CROSS PEIN HOFI HAMMER

The Centaur Czech Hofi Hammer has a polished rounded face that is perfect for feathering metal. This is a great hammer for decorative ironwork, such as creating leaves and flower petals.

Item Code	Description	Each
209HAM	2.2 lb. Hofi Cross Pein	\$75.00

PEDDINGHAUS

FRENCH PATTERN HAMMERS

The Peddinghaus French Pattern Hammers have an offset pein so that the center of gravity is not directly over the center of the face. These hammers have a large square face to give you more surface for drawing. Use the cross pein to stretch the metal.

Item Code	Description	Each
5029020800	800 gram (1.8 lb.) French Pattern	\$27.00
5029021000	1000 gram (2.2 lb.) French Pattern	\$31.75
5029021500	1500 gram (3.3 lb.) French Pattern	\$42.25

French Pattern Hammer

German Pattern Hammer

SPECIALTY HAMMERS

PEDDINGHAUS BORDERING HAMMER

The Peddinghaus Bordering Hammer has 2 different straight pattern peins with a dull polish.

Item Code	Description	Each
0057020200	200 gram (.44 lb.) Bordering	\$36.00

Bordering Hammer

EMBOSSING HAMMER

The Peddinghaus Embossing Hammer has 2 different size high-bowed faces (19 mm and 22 mm) that are finely polished.

Item Code	Description	Each
0051020300	300 gram (0.70 lb.) Embossing	\$36.25

Embossing Hammer

STRETCHING HAMMER

This Peddinghaus Stretching Hammer has one flat face (38 mm) and one lightly bowed face (38 mm), both with a fine polish.

Item Code	Description	Each
0060020750	750 gram (1.65 lb.) Stretching	\$56.50

Stretching Hammer

GROOVING HAMMERS

This Peddinghaus Grooving Hammers has two different size curved faces, both with a fine polish. The faces on the 200 gram Grooving Hammer are 9 mm and 11 mm. The faces on the 300 gram Grooving Hammer are 12 mm and 14 mm.

Item Code	Description	Each
0053020200	200 gram (0.44 lb.) Grooving	\$40.50
0053020300	300 gram (0.70 lb.) Grooving	\$36.50

Grooving Hammer

PEDDINGHAUS

CHASING HAMMER

The Peddinghaus Chasing Hammer has 2 different bowed faces (16 mm and 20 mm) that are finely polished.

Item Code	Description	Each
0052020000	300 gram (0.70 lb.) Chasing	\$40.50

300 gram Chasing Hammer

CHASING HAMMER

This Peddinghaus Chasing Hammer is made for silversmiths, with 2 different finely polished bowed faces (15 mm and 20 mm).

Item Code	Description	Each
0403020000	400 gram (0.90 lb.) Chasing	\$38.25

400 gram Chasing Hammer

PLANISHING HAMMER

This Peddinghaus Planishing Hammer is for silversmiths, with one flat face (24 mm) and one bowed face (24 mm), both with a fine polish.

Item Code	Description	Each
0402020000	170 gram (0.40 lb.) Planishing	\$38.25

Planishing Hammer

PLANISHING/GROOVING HAMMER

This Peddinghaus Planishing/Grooving Hammer has one rounded face (27 mm) that is lightly bowed with a dull polish and one pein face.

Item Code	Description	Each
0071020000	300 gram (0.70 lb.) Planishing/Grooving	\$41.70

Planishing/Grooving Hammer

SLEDGE HAMMER

PEDDINGHAUS CROSS PEIN SLEDGE

Item Code	Description	Each
5027023000	3000 gram (6.6 lb.) Sledge	\$49.00

Cross Pein Sledge

Metal Working Tools

CUTTING & SLITTING CHISELS

PEDDINGHAUS HOT CHISEL

The Peddinghaus Hot Chisel features a 22" handle.

Item Code	Description	Each
5045020000	1500 gram (3.3 lb.) Hot Chisel	\$75.00

PEDDINGHAUS

SLITTING CHISEL

The Peddinghaus Slitting Chisel is a flat slot chisel made of chrome-molybdenum air-hardened steel with a non-spread head.

Item Code	Description	Each
6615110000	Slitting Chisel with 7 mm cutting edge	\$11.25

FULLERS

PEDDINGHAUS TOP FULLER

The Peddinghaus Top Fuller has a 20 mm (13/16") face and a 21-3/4" handle.

Item Code	Description	Each
5054020020	1100 gram (2.4 lb.) Top Fuller	\$118.30

DVD176 *Blacksmith Basics*

By Bob Rupert

Bob Rupert sits down in an 1880's blacksmith shop and explains the basics of the art of blacksmithing. He discusses the tools, the anvil and how it is used and why it is shaped the way it is. Bob will then show you how to use some of the tools in the basic processes of blacksmithing including twist, taper, hot cut, hole punch, slitting and forge welding.

60 minutes

\$22.40

FLATTER

PEDDINGHAUS SQUARE FLATTER

The Peddinghaus Square Flatter has a 63.5 mm (2.5") face and a 22" long handle.

Item Code	Description	Each
5050020060	2041 gram (4.5 lb.) Square Flatter	\$117.00

PUNCH SET

PEDDINGHAUS CHASING PUNCH SET

The Peddinghaus Punch Set has 10 different shapes to make your own design for chasing, or make simple markings and designs on your work. This punch set includes a small circle, triangle, line, point and more.

Item Code	Description	Each
0095010000	10 piece Punch Set	\$118.50

BARTWISTER

The Bartwister has four different slot sizes to fit 3/8", 5/8", 1/2" and 1/4" bar stock. The Bartwister is a must have for anyone who does decorative metalworking. The Bartwister is 16" long and 1/2" thick.

Item Code	Description	Each
BARTWISTER	Hand Bar Stock Twister	\$24.95

NAIL HEADERS

CENTAUR

The Centaur Nail Headers is 11" long with a 2-1/4" diameter head with a 1/4", 3/8" or 5/16" square hole in the center. The bowl (where the hammer would strike) is approximately 1-5/8" diameter.

Item Code	Description	Each
CENT14NH	Centaur 1/4" Nail Header	\$26.00
CENT38NH	Centaur 3/8" Nail Header	\$26.00
CENT516NH	Centaur 5/16" Nail Header	\$26.00

Quench your punches and chisels regularly when used on hot metal.

Rivets/Burrs/Nails

STEEL RIVETS

These Steel Button Head Rivets are annealed. They are sold per pound.

Rivet Kit

The Rivet Kit is 10 different sizes of Steel Annealed Button Head Rivets. Rivet sizes may be substituted according to availability. The Rivet Kit includes the following rivets.

- 1 lb. of 3/16" x 3/8" - 1 lb. of 3/16" x 1/2" - 1 lb. of 3/16" x 5/8" - 1 lb. of 3/16" x 3/4"
- 3/4" lb. of 3/16" x 1" - 1-1/2 lb. of 3/16" x 1-1/2" - 2 lb. of 1/4" x 1/2"
- 2 lb. of 1/4" x 1" - 1-1/2 lb. of 1/4" x 2" - 2 lb. of 3/8" x 1-1/4"

Item Code	Description	Each
RIVKIT	Centaur Assorted Rivet Kit	\$49.75

Rivet Set

NORDIC

The Nordic Rivet Set is 5" long, 3/8" diameter head with a 1/4" diameter concave face.

Item Code	Description	Each
305	Nordic Rivet Set	\$5.95

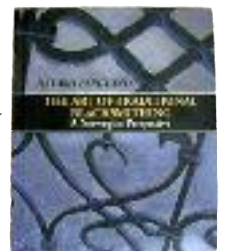

BK3023 The Art of Traditional Blacksmithing
A Norwegian Perspective
 By Harvard Bergland

The Art of Traditional Blacksmithing is a masterpiece that joins tradition with wisdom and creativity. Bergland systematically documents the blacksmith trade by gathering and presenting skills, techniques and ideas that he has tried out in the forge himself. This book offers advice, ideas and inspiration to anyone who wants to be involved in blacksmithing.

Hardbound, 394 pages, over 400 color photos and nearly 700 drawings.

\$58.00

Anvil Tools & Accessories

HARDIES

CENTAUR TURNING HARDIE

The Centaur Turning Hardie will help you turn steel in place of turning cams on your anvil. Use it to make scrolls, U bends, and turn heels on horseshoes. This is a handy tool to have in every workshop.

Item Code	Description	Each
371002	Turning Hardie, 7/8" shank	\$24.95

ANVIL HORN

The Centaur Anvil Horn has a blunt tip, but is the perfect size when the Mini Mandrel Cone is too big. The Centaur Anvil Horn measures 8" overall height, 5-3/4" from tip to the base of the cone, 1/8" diam. tip, 2" diam. at the base with a 7/8" shank.

Item Code	Description	Each
CENTCONE	Anvil Horn, 7/8" shank	\$35.00

SWAN NECK HARDIE

The Centaur Swan Neck Hardie will give you a new dimension for shaping metal on the anvil. The Centaur Swan Neck Hardie measures 5-3/8" overall height, face stand 3" above the anvil, face is 2-1/4" wide with a 7/8" shank.

Item Code	Description	Each
CENTSNN	Swan Neck Hardie, 7/8" shank	\$35.00

MINI MANDREL CONE

The Centaur Mini Mandrel Cone is a rough cast, so it may need to be cleaned before using. The dimensions are 16" overall height, 11" from tip to base, 4-1/2" diameter base, 1" shank and weighs 18 lb.

Item Code	Description	Each
KSWCONE	Mini Mandrel Cone 1" shank	\$64.95

STRAIGHT CHISEL HARDIE

G.E. Hardies are drop forged from top quality abrasion-resistant tool steel and are available in 7/8" or 1" shank sizes. They are heat treated for longer use. The cutting edge of the chisel hardie is machined to a durable edge.

Item Code	Description	Each
04601	Straight Chisel Hardie, 7/8" shank	\$39.15
1GECH	Straight Chisel Hardie, 1" shank	\$39.15

G.E.

V-CUT HARDIE

The G.E. V-Cut Hardie is a unique hardie designed to cut heels precisely on stock up to 7/8". These hardies are drop forged from top quality abrasion-resistant tool steel and heat treated for longer use.

Item Code	Description	Each
1GESWHR	V-Cut Hardie, 1" shank	\$39.15

PEDDINGHAUS

STRAIGHT CHISEL HARDIE

Peddinghaus Straight Cut Hardies are made in Germany. They are drop forged with same high quality standards as the Peddinghaus anvil. 1150 grams (2.5 lb.).

Item Code	Description	Each
5058010000	Straight Chisel Hardie, 7/8" shank	\$73.00

ANVIL HORN

The Peddinghaus Anvil Horn measures 7-1/2" in overall height, 5-1/4" from tip to base, 2" diameter base, 7/8" shank and weighs 1000 grams (2.2 lb.).

Item Code	Description	Each
5059010000	Peddinghaus Anvil Horn 7/8" shank	\$73.00

Swage Blocks

CENTAUR MINI SWAGE BLOCK

The Centaur Mini Swage Block is a rough cast - they may need to be cleaned before use. The spoon pattern is 1-1/2" from side to side and 2-1/4" from top to bottom. The ladle pattern is 2" across. The outside dimensions are 3-1/2" x 4" x 2" and weighs 7 lb.

Item Code	Description	Each
BFBLOCK	Mini Swage Block	\$54.95

Spoon side

Ladle side

Swage Blocks are used to form metals into different shapes. The different designs on the sides can be used to shape sheet metal or bar stock.

CENTAUR

A & B SWAGE BLOCKS

The Centaur Swage Blocks are rough cast - they may need to be cleaned before using.

Item Code	Description	Each
WYSWBLA	A Swage Block, 12" x 12" x 4", 125 lb.	\$429.95
WYSWBLB	B Swage Block, 12" x 12" x 4", 130 lb.	\$459.95

Anvil Stands

CLIFF CARROLL

ANVIL STUMP

The face of the Cliff Carroll Anvil Stump is 16-3/4" x 11-3/4" with 3 tool holes that are 1" in diameter. The Anvil Stump also features a handy leather tool holder on the side. It stands 22-1/2" tall but can be raised to fit your height. The Cliff Carroll Anvil Stump includes the hardware to fasten your anvil securely.

Item Code	Description	Each
CCSTUMP	Cliff Carroll Anvil Stump	\$265.00

DELTA POWER BLOCK

The Delta Power Block Anvil Stand features a 12" x 19" laminated wood block that gives you plenty of work space and significantly reduces noise and vibration. An additional shelf has three holes for holding hammers and tongs. The adjustable aluminum legs in a tripod configuration offer excellent stability and adjust the total height from 21" to 27".

Item Code	Description	Each
POWERBLK	Wood Base Anvil Stand with aluminum legs	\$310.00

NC TOOL

ANVIL STAND WITH SPRING VISE

The NC Anvil Stand comes with a spring vise and is collapsible. The adjustable clamp holds the anvil firmly in place while you work, eliminating the safety hazard and discomfort that comes with working on a wobbly anvil.

Item Code	Description	Each
NCSTAND	NC Anvil Stand	\$239.95

Stall Jacks

VALLEY FARRIER SUPPLY

Shape shoes without having to go to your anvil with the Valley Stall Jack. These Stall Jacks have a tripod base for excellent stability, a polished face and turning cams. Increase your efficiency and minimize the time you spend walking back and forth on the job.

Item Code	Description	Each
18VSJW	16-1/2" Standard Stall Jack	\$166.00
18VSJS	22" Tall Stall Jack	\$176.95

Valley Stall Jack, Top View

Shoe Shaper

HORSESHOE STORE & MORE

The ShoeMaster Shoe Shaper provides a wide range of shoe sizes and types, giving you the opportunity to bend a greater variety of shapes without the noise and banging of working on an anvil. The ShoeMaster Shoe Shaper bends and straightens up to 1" stock, levels 3/16" to 1/2", squares toes and turns trailers, is precise and has variable height. The ShoeMaster Shoe Shaper is only 7 lb., has a 2-position stand and comes complete along with demonstration DVD and printed instructions.

Item Code	Description	Each
4440	ShoeMaster Shoe Shaper	\$565.70

Tail Gate Shear

VALLEY FARRIER SUPPLY

The hand operated bar stock shear is small enough to fit on the tail gate of a truck, but strong enough to make cutting bar stock an easy job. It is excellent tool for cutting 1/4", 5/16" and 3/8" bar stock.

Item Code	Description	Each
TGSHEAR	Tail Gate Shear	\$58.00

WELDING COMPOUNDS

E-Z WELD

EZ Weld adheres to metal at a low heat and is good for lap, split or jump welding. EZ Weld enables blacksmiths to weld tool steel, plow open hearth and bessemer at significantly lower temperatures than other compounds while making strong, smooth welds. It can be used with steel as well as iron.

Item Code	Description	Each
1EZ	1 lb. can E-Z Weld	\$10.85

BORAX

Forge Borax is formulated for forge welding of stainless steel and helping remove oxides and make steel easier to work with at welding temperature.

Item Code	Description	Each
1BORAX	1 lb. can Forge Borax	\$9.75
BORAX	5 lb. can Forge Borax	\$52.85

CHERRY HEAT

Cherry Heat Compound adheres to metal at a low heat and is good for lap, split, butt or jump welding. Cherry Heat enables the blacksmith to weld tool steel, plow open hearth and bessemer at significantly lower temperatures than other compounds while making strong, smooth welds. It can be used with steel as well as iron.

Item Code	Description	Each
5CHERRY	5 lb. can Cherry Heat	\$52.85

IRON MOUNTAIN

Iron Mountain Welding Flux is a high quality flux especially developed for welding in coal and gas forges. Iron Mountain Flux produces strong consistent welds and allows for easy cleanup with minimal brushing.

Item Code	Description	Each
IMF	16 oz. Iron Mountain Flux	\$22.05

SURE WELD

Sure Weld is especially formulated for welding in gas forges. However, it is equally effective when used in coal forges. Only a small amount is needed for each weld, so it is both effective and economical.

Item Code	Description	Each
SUREWELD	12 oz. Sure Weld	\$19.50

SWAN MAGI-WELD

Swan Magi-Weld is flux for coke and gas forge welding. The traditional fire weld is only made possible because no scale is present at the critical temperature required to form a weld. By using a flux which prevents scale forming, a fire weld can be performed in a gas or coke forge at much lower temperatures. By using Swan Magi-Weld you eliminate the need to jump up the material (to allow for wastage by burning) thus enabling both light and fine work to be undertaken.

Item Code	Description	Each
SF	10 oz. Swan Magi-Weld	\$34.75

METAL FINISHES

HARDENING COMPOUND QUICK HARD

Quick Hard is a fast acting hardening powder which can be applied to steels for developing case-hardened surfaces on parts such as tools, dies, fixtures, cutting edges, drills, chisels, punches, rollers, cams, knives and much more. Quick Hard is easy to use and requires no special equipment. It is a fast, economical means of producing hardened surfaces. It cuts costs, saves down time on tools, parts and equipment.

Item Code	Description	Each
QHARD01	1 lb. Quick Hard Powder	\$53.49

METAL OILS

Protect your metal work with Metal Oil. Metal Oils can be used on all metals. They have UV & Corrosive Inhibitors. Metal Oil dries hard and strong. The Metal Oil should be applied with a soft cloth, brush, or spray on the clean metal or dry patinaed surface. Burnish lightly with a clean cloth. It will dry hard in 3-12 hours. Clear Guard or Metal Wax may be applied over the dried oil. Available in black and clear.

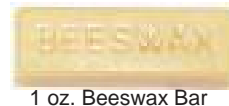

Item Code	Description	Each
OIL8BK	Metal Oil, 8 oz. Black	\$18.00
OIL8CL	Metal Oil, 8 oz. Clear	\$18.00

BEESWAX

Using a light coat of Beeswax will protect your metal. Lightly heat your metal and melt the Beeswax to all exposed metal areas.

Item Code	Description	Each	6+ Each
BEESCAKE	1 oz. Bar of Beeswax	\$1.00	\$.90
BEESBLOCK	1 lb. Block of Beeswax	\$6.75	\$6.50

1 oz. Beeswax Bar

DVD150 Hot & Cold Patina Application

By Ron Young

In this DVD, Ron Young will teach you the essential steps to create beautiful hot or cold reactive patinas on steel and copper.

Hot & Cold Patina Applications covers Surface Preparation, Hot Patinas, Cold Patinas and Advanced Hot Patinas.

BK3020 Metal Techniques for Craftsmen

By Oppi Untracht

Here is the reissue of the standard reference work for all metalworkers. With complete information on the handling, working and finishing of both base and precious metals, it includes solid information on tools and materials and on each technique, method of fabrication and method for finishing. Fully indexed, with all the needed charts and tables, it retains the hundreds of original black & white photographs.

Hardbound, 509 pages.

\$85.00

Gas Forges

FORGEMASTER

When you are in the market for a new portable gas-fired forge, you have several makes and models from which to choose. Compare the advantages of Forgemaster Forges when making this important investment. The standard features on all the Forgemaster furnaces include an extra long 9' fuel hose; fully assembled UL listed regulator and gauge; convenient spark ignitor assembly; heavy cast iron burners permanently welded to top housing, full 1-1/4" thick molded hearthbrick bolted in place. All units are fitted for propane, but may be configured for natural gas. Made in the USA.

FORGEMASTER BLACKSMITH

The Forgemaster Blacksmith Forge is a double burner atmospheric forge that is perfect for production and shop use, and is popular competition forge. Openings on both ends accommodate long pieces of barstock for fast production work. The tight fitting, insulated door cuts down heat loss, so that your steel gets hot faster while you stay cool.

Outside Dimensions: 17" x 17-1/2" x 11"
 Inside Dimensions: 13" x 8-3/4" x 3"
 Door Opening: 3-1/4" x 2"
 Side Port Hole Openings: 3-1/4" x 2"

Item Code	Description	Each
FORGEB	Forgemaster Blacksmith Forge	\$774.95

FORGEMASTER FARRIER

The Forgemaster Farrier Forge double burner forge is perfect for horseshoers who work with both hand-made and keg shoes. The front opening is large enough to handle draft or saddle-horse shoes with toe clips.

Outside Dimensions: 17" x 16" x 11"
 Inside Dimensions: 13" x 8-3/4" x 3"

Item Code	Description	Each
FORGEF	Forgemaster Blacksmith Forge	\$624.95

FORGEMASTER E-1

The Forgemaster E-1 single burner atmospheric forge is a fuel efficient forge that has closed sides to pack the same heat into a larger heat chamber using less gas. The E-1 features one port in the tight fitting door and an adjustable tool rest for added convenience.

Inside Dimensions: 13" x 8-1/2" x 3"

Item Code	Description	Each
FORGE-E1	Forgemaster E-1 Forge	\$659.95

FORGEMASTER 2000

The Forgemaster 2000 is a stainless steel version of the Forgemaster Blacksmith Forge with Dual Valves. Constructed of thick 12 gauge hot rolled premium steel with heavy-duty welded two piece clamshell construction.

Outside Dimensions: 17" x 17-1/2" x 11"
 Inside Dimensions: 13" x 8-3/4" x 3"
 Door Opening: 3-1/4" x 2"
 Side Port Hole Openings: 3-1/4" x 2"

Item Code	Description	Each
FORGE2000	Forgemaster 2000 Forge	\$1199.95

FORGEMASTER BLACKSMITH

with Dual Valves

This Forgemaster Blacksmith Forge is a double burner atmospheric forge with dual valve control gives you the option to use this forge as a single or double burner for more precise fuel distribution. This dual burner model forge achieves maximum temperature using 50% less fuel than three burner units and the independent dual valve control gives you more precise fuel distribution.

Outside Dimensions: 17" x 17-1/2" x 11"
 Inside Dimensions: 13" x 8-3/4" x 3"
 Door Opening: 3-1/4" x 2"
 Side Port Hole Openings: 3-1/4" x 2"

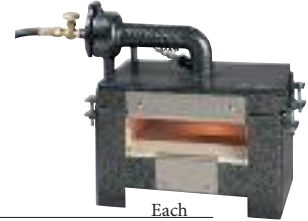

Item Code	Description	Each
FORGEB2	Forgemaster Blacksmith Forge with Dual Valve Control	\$849.95

FORGEMASTER COMPANION

The Forgemaster Companion Forge is a single burner atmospheric forge with an open front designed for modifying pre-made shoes. This single burner unit is small, lightweight and efficient. Convenient for farriers to take to the barn for final fittings.

Inside Dimensions: 8" x 7" x 2-1/2"

Item Code	Description	Each
FORGEC	Forgemaster Companion Forge	\$469.95

FORGEMASTER EXCALIBUR

The Forgemaster Excalibur single burner atmospheric forge has a self-closing door with front and rear ports to the heat chamber making this the ideal forge for many jobs involving large bar material. This one burner, compact forge combines the performance of the larger Forgemaster models with the efficiency of the more compact models.

Inside Dimensions: 13" x 8-1/2" x 3"

Item Code	Description	Each
FORGE-EX	Forgemaster Excalibur Forge	\$699.95

FORGEMASTER 71000

with Hood and Dual Valves

The Forgemaster 71000 comes with standard dual valve control, powercoated and without side ports. Side ports can be added for an additional \$105.00 per port with the availability to put the controls and door handle on either side depending on your preference.

Outside Dimensions: 22-1/2" x 19" x 14-3/4"
 Hood Dimensions: 17" x 8" x 20-1/2",
 5-3/4" exhaust opening
 Inside Dimensions: 13" x 11" x 6"

Item Code	Description	Each
FORGE71000	Forgemaster 17000 Forge	\$1499.95

NC TOOL

NC Forges have exclusive high efficiency burners, push button ignition and have uniform heat reaching 2350° with quick recovery, heats and reheats metal very quickly. NC Forges come fitted for propane but may be configured for natural gas and do not require a blower. Being light weight and quick cooling makes the NC Forges transportable. All NC Forges include host, gauge and regulator. You are assured quality when you purchase an NC Forge because they stand behind their products. Made in the USA.

WHISPER BABY FORGE

The NC Whisper Baby Forge is a single burner atmospheric forge that is perfect for smaller jobs. The rear bar stock door allows bar stock to be run straight through the forge.

Outside Dimensions: 11" x 17" x 10"
 Inside Dimensions: 3" x 7" x 6-1/2"
 Rear Barstock Door Openings: 1-1/2" x 3"

Item Code	Description	Each
NCBABY	NC Baby Forge	\$419.95

WHISPER DELUXE FORGE

The NC Whisper Deluxe Forge is a double burner atmospheric forge that works well for many shoeing procedures. The stainless steel door reflects heat away from the user.

Outside Dimensions: 16" x 8-1/4" x 17"
 Inside Dimensions: 3" x 12" x 6"
 Door Opening: 12" x 2-3/4"

Item Code	Description	Each
NCFORGE	NC Deluxe Forge	\$444.95

WHISPER MOMMA FORGE

The NC Whisper Momma Forge is a double burner atmospheric forge that works well for many blacksmith procedures. The insulated door to keep the wind away from the firebox, has a bar stock hole on the front and reaches welding temperature in 3 minutes. The NC Momma Forge also has a rear barstock door to allow for longer pieces.

Outside Dimensions: 16" x 18-1/2" x 10"
 Inside Dimensions: 3" x 12" x 6"
 Rear Barstock Door: 1-1/2" x 3"

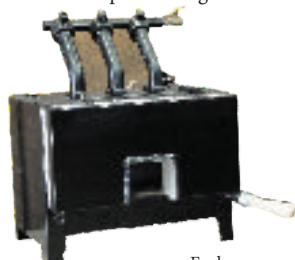

Item Code	Description	Each
NCMOMMA	NC Momma Forge	\$509.95

WHISPER DADDY #2 FORGE

The NC Whisper Daddy #2 Forge is a triple burner atmospheric forge with a large firebox. This forge has a port hole on the insulated front door as well as a rear barstock door in the back of the forge to allow barstock to pass through. Great for art objects that grow as you work.

Outside Dimensions: 16" x 13-1/4" x 20"
 Inside Dimensions: 6" x 12" x 9"
 Door Opening: 11-3/4" x 5-1/2"
 Rear Barstock Door: 2" x 3"

Item Code	Description	Each
NCDADDY2	NC Daddy #2 Forge	\$659.95

WHISPER LOW-BOY FORGE

with Open Ends

This NC Whisper Low-Boy Forge is a low profile, triple burner atmospheric forge with open end ports. This forge has rapid heat recovery for quick turn around time. Ideal for competition shoeing making or for damascus blade forging.

Outside Dimensions: 16" x 15" x 13"
 Inside Dimensions: 3" x 12" x 9"
 Side Port Openings: 2" x 3"

Item Code	Description	Each
NCLOWBOY	NC Daddy Lowboy Open End Forge	\$619.95

WHISPER DELUXE FORGE

with Back Door

This NC Whisper Deluxe Forge is a double burner atmospheric forge has a barstock door in the back of the forge to allow barstock to pass through. The stainless steel door reflects heat away from the user.

Outside Dimensions: 16" x 8-1/4" x 17"
 Inside Dimensions: 3" x 12" x 6"
 Door Opening: 12" x 2-3/4"
 Rear Barstock Door: 1-1/2" x 3"

Item Code	Description	Each
NCFORGEBD	NC Deluxe Forge	\$454.95

WHISPER MOMMA OPEN END FORGE

The NC Whisper Momma Open End Forge is a double burner atmospheric forge with port holes on each end, a solid insulated door to keep the wind away from the firebox and reaches welding temperature in 3 minutes.

Outside Dimensions: 16" x 18-1/2" x 10"
 Inside Dimensions: 3" x 12" x 6"
 Side Port Openings: 1-1/2" x 3"

Item Code	Description	Each
NCMOMMAOE	NC Momma Open End Forge	\$564.95

WHISPER DADDY #2 FORGE

with Open Ends

This NC Whisper Daddy #2 Forge is a triple burner atmospheric forge with open end ports so that you can work metal from either end and straight out through the other side when a long heat is required in the middle of the bar. This forge will accommodate large stacks of metal for production work. The solid insulated front door will keep the heat in the firebox where you need it.

Outside Dimensions: 16" x 13-1/4" x 20"
 Inside Dimensions: 6" x 12" x 9"
 Door Opening: 11-3/4" x 5-1/2"
 Side Port Openings: 2" x 3"

Item Code	Description	Each
26207	NC Daddy #2 Open End Forge	\$714.95

Coal Forges

CENTAUR

Centaur Coal & Coke Forges are made with heavy duty 24" x 30" x 3" steel hearth pans and high quality cast iron firepots. The C-36 model forges have a 12" x 14" Centaur Vulcan Coal Firepot with a dumping ashgate. The C-37 model forges have a 13-1/2" round Centaur Coke Firepot with dumping ashgate. Other options available on these forges are 115 volt (1/5HP) PB50 blower with speed control, the new Centaur Hand Crank Blower, and 24" half round hood. Both the Coal & Coke forges stand 31" tall, 56" tall with the hood. All Centaur Coal & Coke Forges are made in the USA.

It can not be used for home heating.**

Comparison Chart

The following table is a comparison guideline between forges of similar sizes. This chart is only a guideline.

	Coal Forge	Gas Forge
Light Steel	Very Fast	Very Fast
Heavy Steel	Fast	Slow
Simple To Use	Requires much skill & attention	Requires less skill & attention
Noise Level	Quiet	Noisy to Very Noisy
Overall Cost to purchase & Operate	Low to Moderate	Moderate to High
Able to reach welding temperature	Easily	Only some models can accomplish welding temperature
Comments	Needs Class A chimney if used indoors	Needs adequate ventilation if used indoors

Because Coke burns hotter than Coal, be sure that if you burn only Coke, you use an extra heavy Coke Firebowl.

Coal Forge Parts

Firepots

CENTAUR

CENTAUR VULCAN FIREPOTS

The Centaur Vulcan Firepots come complete with either a dumping or sliding ashgate and are meant for burning coal. The Centaur Vulcan Firepot measures 12" x 14" on the outside, 8" x 10" on the inside and the bowl is 4" deep. The overall height of the Centaur Vulcan with the Dumping Ashgate is 15-1/2" and 12-1/2" with the Sliding Ashgate.

These firepots come complete with the clinker breaker ball assembly, have a 3" diameter inlet pipe with an accessory flange to permit easier attachment of an airgate or a blower.

Item Code	Description	Each

ASHGATE	Dumping Ashgate Cover	\$35.00

TUYERES

The Tuyere is 5-1/2" in diameter and made from cast ductile iron. **Not to be used on Centaur Firepots.**

Item Code	Description	Each
TUYERE	Replacement Tuyere Grate	\$25.25

FORGE HOOK-UP PARTS

Item Code	Description	Each
DUCT	3" x 2 ft. Heavy Duty Galvanized Sheet Metal Duct	\$6.50
FLEX	3" Heavy Duty Galvanized Flex Tubing (sold by the foot)	\$6.35/ft
ELBOW	3" Elbow Duct	\$4.65

FORGE HOODS

The Forge Hoods are made from 20 gauge sheet metal, stand 26" tall and have an 8" diameter flue pipe.

Item Code	Description	Each
REPLHOOD24	24" wide Forge Hood	\$169.95
REPLHOOD30	30" wide Forge Hood	\$184.95

AIRGATES

This Airgate can be used on a hand crank or electric blower. Fits on 3" inlets, with a 2-1/2" diameter opening. This airgate is made with an aluminum frame and a sheet metal gate.

Item Code	Description	Each
AG03FULL	3" Full Airgate	\$14.95

Blowers

CENTAUR

PB50 BLOWER

The Centaur PB50 is a full size variable speed electric forge pressure blower. This blower features a high quality non-rusting cast aluminum impeller and housing with a 4" inlet and a 3" outlet, a Baldor industrial quality ball-bearing motor. 3400 RPM, 1/5 HP, over 500 CFM (F.A.)

This blower comes with 115 volt Speed Control.

Item Code	Description	Each
PB50VS	PB50 variable speed 115 volt Blower with Speed Control	\$439.95

CENTAUR HAND CRANK BLOWER

This heavy-duty blower features a left hand thread with an aluminum handle. It has a non-rusting cast aluminum impeller and housing, a 4" inlet and a 3" outlet.

Centaur Forge Hand Crank Blower is chain driven with sealed bearings. The chain tension can easily be adjusted with the tension wheel.

The Centaur Forge Hand Crank Blower can be added easily to your existing Centaur Coal Forge. Some modifications may be needed for other styles of coal forges.

The Centaur Forge Hand Crank Blower is made in the USA.

DAYTON BLOWERS

The Dayton Blowers are lightweight, quiet and reliable. They are perfect for any rivet forge, portable forge, truck forge or any other small coal forge. 115 volt Speed Control sold separately.

Item Code	Description	Each
115VBLOWER	#2-C-647 Dayton 115 volt variable speed Coal Forge Blower	\$83.95
12VBLOWER	#2-C-646 Dayton 12 volt variable speed Coal Forge Blower	\$93.99

Rheostat

The 115 volt Speed Control works on the 115 volt Dayton Blower and the PB50 Blower.

Item Code	Description	Each
115VSPDCONT	115 volt Speed Control	\$30.95

Shop Equipment

Beverly Shears

Beverly Shears are the ideal all-purpose metal cutting tools because they permit any desired cut in heavy gauges, yet handle lighter metals without distortion. The unique shoulder design on the Beverly Shears allows work to be turned in any position during the cut. Gearing rack and pinion makes heavy metal cutting easy. The upper and lower blades are positioned to provide a clean cut, regardless of the material. The "Throatless" design means unlimited length of cut. All models are equipped with high carbon, high chrome blades.

B-1 BEVERLY SHEAR

Weight: 18 lb., Height without handle: 14", Handle: 18" Width: 7",
Depth: 9", Lower Blade Length: 4-1/4", Length of cut: 3"
Capacity: 14 gauge mild, 18 gauge stainless.

Item Code	Description	Each
B1BEV	B-1 Beverly Shear	\$595.00

B-2 BEVERLY SHEAR

Weight: 35 lb., Height without handle: 15", Handle: 24" Width: 9",
Depth: 10", Lower Blade Length: 4-3/8", Length of cut: 3-1/8"
Capacity: 10 gauge mild, 14 gauge stainless

Item Code	Description	Each
B2BEV	B-2 Beverly Shear	\$825.50

B-3 BEVERLY THROATLESS SHEAR

Weight: 58 lb., Height without handle: 15", Handle: 30" Width: 9",
Depth: 14", Lower Blade Length: 5-5/8", Length of cut: 4-1/4"
Capacity: 3/16" mild, 10 gauge stainless
Equipped with High Carbon Chrome Blades

Item Code	Description	Each
B3BEV	B-3 Beverly Shear	\$1195.00

B-1 Beverly Shear

B-2 Beverly Shear

B-3 Beverly Shear

BEVERLY SHEAR REPLACEMENT PARTS

Item Code	Description	Pair
B1BLADES	Replacement Blades for B-1 Beverly Shear	\$105.00
B2BLADES	Replacement Blades for B-2 Beverly Shear	\$135.00
B3BLADES	Replacement Blades for B-3 Beverly Shear	\$185.00

Grinders & Buffers

BALDOR GRINDERS

The Baldor Grinders come without attachments. These grinders feature a 5/8" arbor. Adding a Baldor Grinder to your workstation with the optional expander wheel can help you to reach maximum efficiency.

Item Code	Description	Each
333B	1/2 HP Baldor Bench Grinder without attachments	\$324.00
BG34	3/4 HP Baldor Bench Grinder without attachments	\$700.65

BALDOR BUFFER

The Baldor Buffer comes without attachments. This Buffer is 1/2 HP and features a 1/2" shaft.

Item Code	Description	Each
025125	1/2 HP Baldor Buffing Motor without attachments	\$257.85

EXPANDER WHEEL

Reach your maximum efficiency with this 10" Expander Wheel, which works on any grinder. The Expander Wheel comes with safety guard.

Item Code	Description	Each
EW102	10" Expander Wheel & Guard	\$175.15

Item Code	Description	Each
025123	6" Felt Wheel w/sharpening groove and 3/4" universal bushing	\$23.75
025127	6" Buffing/Sharpening Wheel	\$62.10

EXPANDER WHEEL BELTS

Item Code	Description	Each	10+ each
EWB1040	10" Expander Wheel Belt 40 Grit Blue Zirconia	\$3.65	\$3.25
EWB1040G	10" Expander Wheel Belt 40 Grit Green	\$4.10	\$3.70

SY4824	2" x 48" Blue Zirconia, 24 Grit Sanding Belts	\$5.30	\$4.80

BK3019 Forged Architectural Metalwork

By Peter Parkinson

This book explains how to set up a safe workshop with detailed photographs of several professionals workshops. It explains basic forging process and assembly techniques. It covers how to survey the site for the installation and how to make sure your design fits regulations for building sites. Learn how to make handrails, balustrades, railing, fences, screens, grilles, gates and much more. This book is loaded with color photographs and line drawings to help inspire and create your own architectural metalwork.

Hardbound, 176 pages, over 230 color photos & diagrams.

\$45.00

DVD175 Artist Blacksmithing

By Peter Parkinson

Peter Parkinson has long been an inspiration to blacksmiths: his enthusiasm for the craft alongside his recognized talent makes him an exceptional tutor. In this double DVD, he brings his own insight to the craft while explaining both the processes and pitfalls.

DVD One: Introduction - Tapering - Upsetting - Spreading - Hot Cutting - Punching

DVD Two: Twisting - Bending - Joining - Toolmaking - Finishing - Afterward

Approximate running time: 154 minutes

\$74.95

BK362 Samuel Yellin: Metalworker

By Jack Andrews

There are many examples of milestones and benchmarks that establish a measure for future reference. Occasionally an individual has an impact on culture that creates such a milestone. Samuel Yellin is such a person. His milestone, however, is forged in iron, for he was one of the greatest artist blacksmiths.

This monograph is assembled in recognition of Yellin's permanent piece in the history of decorative metalwork and blacksmithing. It will show selections of his work and discuss the factors that made up this great body of work that has created a tradition. It is a legacy of the highest standard.

Hardbound, 116 pages, over 230 black & white photos & illustrations.

\$43.00

BK1002 Anvils In America

By Richard Postman

Hailed as the definitive resource and standard reference book for blacksmiths, anvil collectors and anyone interested in historical tools, Richard Postman's *Anvils In America* is the culmination of 15 years of meticulous research.

Mr. Postman's thorough research has corrected much of the misinformation previously found in the limited published resources available.

More than a reference book, *Anvils In America* is a delightful chronicle of manufacturers, tools and people integral to the development of the United States.

Hardbound, 552 pages, beautifully illustrated with over 300 photographs and over 500 graphics.

\$91.00

BK3008 The Artist Blacksmith

Design and Techniques

By Peter Parkinson

There is a romance and magic in the use of fire to transform such an unprepossessing material into objects of utility and beauty, giving life to inert metal. This book explains all the fundamental blacksmithing processes in detail, illustrating them with more than 200 diagrams and photographs.

Inspirational examples of the work of today's artist blacksmiths illustrate the imaginative use of particular techniques in the making of a wide variety of products. Written by a leading smith and drawing on his wide-ranging experience, the techniques are presented as the building blocks from which craft skills can develop and individual designs can be created.

Hardbound, 160 pages.

\$50.00

BK57 New Edge of the Anvil

By Jack Andrews

New Edge of the Anvil is a thorough revision of a text originally published in 1977. Designed as a comprehensive guide for the beginner or a reference for the advanced metalworker, it comprehensively covers tools and equipment as well as creative and technical processes.

Clear words, excellent pictures, good explanations, tables and charts, all you need to encourage you to pick up a hammer and start hammering. Packed with black and white photos, line drawings and charts.

Soft Cover, 243 pages.

\$30.00

BK59 Iron Menagerie

By The Guild of Metalsmiths

This book was written to fit a need for developing blacksmithing skills in creating decorative fantasy and animal heads. All projects in this book were hammered out by blacksmith Paul Hübler. Some of the projects in this book are: a steer head, a blue crane head, a one heat duck head, a wolf head, an owl, a rattlesnake and a wizard head among many others.

Spiral Bound Paperback, 33 pages.

\$21.95

DVD166 Katana: Modern Craftsman's Guide to Making a Japanese Sword

By Ron Young

Get ready for the ultimate do-it-yourself project: a battle-worthy handmade Japanese Katana (long-sword). In this one-of-a-kind video, Master Bladesmith Wally Hayes takes you step-by-step through the process of designing and building a Katana-Tac, a simplified tactical Katana suitable for traditional martial arts practice or modern battlefield use. You will learn exactly how to design, profile, grind, temper, polish and haft your very own working Katana using a minimum of tools and equipment. You will also learn some of the most closely guarded secrets of both traditional and modern-day swordmaking, including the construction of a low-cost charcoal forge and the exact process for Japanese-style clay tempering. Once your blade is properly tempered, Hayes teaches you how to polish it to reveal the hamon (temper line) and haft it with a traditional cord-wrapped handle. For information purposes only.

120 minutes

\$55.00

Books & DVD's

BK3021 *Cyrill Colnik*

Man of Iron

By Alan J. Strekow

Cyrill Colnik: Man of Iron is the first book to document this metalsmith's masterworks. It includes a biographical essay on Colnik and chapters that showcase the riches of the Villa Terrace's Colnik collection and archives; photos of architectural features and collected objects at the Villa Terrace; examples of Colnik's sketches, blueprints and photographs; a trove of photos from Colnik's personal collection that documents his work in now-unidentified homes and churches; and interior and exterior photographs of identifiable Milwaukee homes, businesses and public buildings taken by Colnik, author Alan J. Strekow and others. This book also includes an essay by present-day artisan ironworker Daniel Nauman, a glossary of blacksmith terms, a chronology of Colnik's life, achievements and bibliography.

Hardbound, 200 pages, full color photos.

\$45.00

DVD87 *Patinas & Finishes for Iron, Steel and Aluminum*

By Ron Young

Learn how to apply over 20 incredible patinas to Iron, Steel and Aluminum. Finishing techniques for these metals include patina formulas that go directly on to the metal surface, dyes that may be applied directly to the metal or over the patina, liquid metal coatings with patinas and leafing with patinas or dyes over it. Begin with safety, tools, surface preparation and end with clear protective coatings and waxes. This video covers all the latest finishes. As an added bonus, you will see ceramic, glass and wood applications.

1 hour, 20 minutes

\$10.85

BK700 *The Little Giant Power Hammer*

By Richard Kern

The Little Giant Power Hammer discusses the rebuilding, history and use of the Little Giant Power Hammer. This book will guide you through the entire restoration process with the expertise and experience of a nationally recognized author.

Soft Bound, 300 pages, over 200 tables, charts and illustrations.

\$52.50

BK997 *A Blacksmith Primer, Second Edition*

By Randy McDaniel

Virtually every task beginning and intermediate blacksmiths must master is presented in this excellent book. Over 400 detailed drawings help increase comprehension levels. This is a reference manual that will be found lying open on the workbench more often than found on the bookshelf and is highly recommended to anyone swinging a hammer to shape metal. This is an excellent introduction to this glorious craft and an excellent resource for advancing your knowledge, skills and vision for blacksmithing.

Soft Bound, 184 pages, over 400 line drawings.

\$30.00

BK3007 *Blacksmithing Projects*

By Percy W. Blandford

24 projects for novice and expert metalsmiths include door latches, garden tools, tables, fences, weather vanes and more. A book of ideas and suggestions, rather than an instruction manual. This book features 80 figures and includes a list of materials, step-by-step instructions and suggestion for variations in design.

Soft Bound, 144 pages.

\$12.95

BK460 *A Blacksmith's Craft:*

The Legacy of Francis Whitaker, Volume I

By George Dixon

Francis Whitaker learned his metalworking techniques in his early training in the shops of Samuel Yellin (1923-24) and Julius Scramm (1924-25) and then added to and refined these techniques during his lifetime at the forge.

A Blacksmith's Craft is a revision and expansion of Francis Whitaker's *The Blacksmith Cookbook*. George Dixon is an excellent blacksmith, illustrator, writer and teacher and has done a fine job of presenting the material. Francis would be happy with this book.

Hardbound, 128 pages, over 750 illustrations.

\$56.65

BK3001 *Chasing and Repousse'*

Methods Ancient and Modern

By Nancy Megan Corwin

Virtually every culture with a history of metalsmithing has demonstrated accomplished work in complimentary techniques of chasing and repousse'. From delicate Hellenic earrings to works as massive as the Statue of Liberty, the use of hammers and punches to form and ornament metal remains as vibrant as it has in its 5,000 year history.

This lavishly illustrated book provides first-time artist with enough information to get started, but also offers advanced workers insights into design and process. Almost 500 photos and drawings guarantee not only clear instruction but bounteous inspiration.

Hardbound, 184 pages.

\$35.00

DVD54 *Basic Blacksmithing, Part 1*

By Hershel House

Basic Blacksmithing is an educational and entertaining look into this interesting craft, suitable for beginners or experienced smiths. Blacksmithing since the 1960's, Hershel House demonstrates basic to more complex techniques in a logical progression. Includes a bonus segment on tuning a gunlock.

90 minutes.

\$30.00

DVD62 *Basic Blacksmithing, Part 2*

By Hershel House

This video shows more basic to complex projects with Hershel House. *Basic Blacksmithing, Part 2* includes forging an eye, S-hooks, forging tongs, a grease lamp, ladle and a Kentucky belt axe.

Terms & Conditions

Please take a moment to read our terms and conditions carefully.

There is no minimum order value.

Ordering:

We offer the following easy methods for you to place your order:

Order by phone by calling our Wisconsin store at 1-800-666-9175, or our Texas store at 1-888-229-8877.

Fax your order to the Wisconsin store at (262) 763-8350, or to the Texas store at (830)627-3300.

Online at www.centaurforge.com

Mail your order with payment method to either our WI or TX store to one the addresses shown on the back cover.

Payment:

We accept Visa, MasterCard, Discover, checks and money orders.

For international orders, we also accept wire transfers. Centaur Forge is not responsible for any international bank charges, customs and/or duty charges.

All payments will be denominated in US Dollars.

Shipping:

Qualifying orders shipped within any US Territory will get \$9.85 Flat rate shipping, or Free Shipping for orders of \$275.00 or more. Orders that do not qualify for Flat Rate or Free Shipping would be orders for Coal or Coke (see prices that include shipping) or orders that must be shipped by Commercial Truck. Items that are shipped via Commercial Truck are Anvils weighing 150 lb. or more and oversized items (unless otherwise specified). If an order is placed that is not eligible for the Free Shipping or Flat Rate Shipping, we will contact you by phone or e-mail to notify you of the adjusted shipping charges. At this time you will have the

opportunity to cancel the order if you do not agree to the additional charges.

Orders that qualify for Free Shipping but have a Special Order Item (items that we do not normally carry in stock and require a special order) will be charged the \$9.85 Flat Rate Shipping.

Orders shipped within the Continental US will be shipped by UPS Ground, Spee-Dee Delivery or through the US Post Office. We have the right to choose the shipping method for a qualifying order. Orders being shipped to any outside US Territory are normally shipped by USPS Priority Mail. If you need faster service, we do offer UPS Next Day Air, Second Day Air, Three Day Select or USPS Express Mail. Faster shipping methods do not qualify for Flat Rate or Free Shipping.

Orders shipped internationally are not eligible for the Free Shipping or Flat Rate Shipping.

International orders are shipped through the USPS or Freight Forwarder. Shipping charges for international orders will be calculated and charged separately.

Back Orders:

We try to keep stock on everything, but sometimes the manufacturers do fall behind. In the event that we are out of stock on an item, we will ship it to you as soon as we receive it. If you cannot wait for the item to arrive, please call us and we can offer you a substitute or you can cancel your back order.

Returns:

If you have an item that you purchased from Centaur Forge and you would like to return or exchange it, we are glad to take back unused products in their original containers within 30 days after purchase. Please call us before returning any products so that we can give you a Return Authorization Number. Please include a copy of your invoice with your returned item. We do not accept returns on COAL or COKE.

Items that are returned or exchanged after 30 days are subject to a 15% restocking fee. Items that are returned or exchanged after 60 days are subject to a 15% restocking fee and will be issued a store credit only.

*** Proof of purchase is required with all returns**

Special Orders:

If there is an item that you would like to purchase from any of our regular vendors that we do not carry, we can order it special for you. For all special orders, we do require prepayment when you place the order. Special order items must be purchased by minimum quantity, as required by the vendor.

Web Specials:

From time to time we may post special web-only prices and offers. Visit our website often for the most up to date news.

Prices are subject to change without notice.
